

Dr. George W. Jensen, oldest living past commander of Post 748, presented this plaque to the Legion Post at Awards Night last Thursday. Left, Dr. Jensen is thanked by Commander Bernard Stadick (right).

In Viet Nam From Antioch

Here are some new names of Antioch area servicemen in Viet Nam:
PFC. L. Jesse, US 55885472 Co. C, 2nd Bn., 5 Cav.
1st Airborne
APO San Francisco, Calif. 96490

Robert Joseph Rampp, B981393, A-Co., 1st Ft. MCB-5
FPO San Francisco, Calif. 96601.

Packages will be sent to these men by the personnel at the Antioch Post Office, in their project to send Kool Aid and other helpful small items to Antioch area men serving in Viet Nam.

Latest addition to their stock of items to send are small, one-serving packages of dehydrated soup. Lt. Col. Dora Coover, a nurse recently returned from Vietnam, recommended this addition to their packages. The soup is being supplied to the Post office group at cost by the Antioch IGA Foodliner.

The First National Bank has entered into the Kool Aid to Vietnam project by offering to donate 2c to the Antioch Grade School Band project for each package of Kool Aid brought to the bank to be turned over to the post office.

Here is a letter of appreciation sent to Postmaster Joe Wolf at the Antioch Post Office from one of the Antioch boys in Viet Nam, Thomas Furlan. Tom writes: Dear Hometown Friends and Neighbors:

I can't tell you how much I appreciated your wonderful thoughtfulness in the package I received from you today. It certainly was a pleasant surprise. All the goodies are just about gone already, and I will certainly enjoy using the other items you sent me.

Everything is fine over here, and the time is passing quite rapidly. I miss home, but I certainly feel better here when I know people such as you are thinking about us over here.

Again, many thanks for your kind thoughtfulness. It is well appreciated.

Sincerely,

Thomas Furlan
Several letters have come to the post office from boys who have received the packages and are glad to know that their hometown people are thinking of them. People from this area are urged to write to the servicemen, giving them news of the home town happenings. Letters are a welcome item to boys overseas.

The Boys will soon be getting some of the news from the Tom Tom, the Antioch High School newspaper. The school board recently approved a request of Emory Chandler, faculty member sponsor of the Tom Tom, that the Tom Tom be sent to all the boys whose names have been turned in at the Antioch Post Office.

Anyone knowing of a serviceman or woman from the Antioch area who is in Viet Nam is urged to turn their name and address in at the Antioch Post Office. Packages of Kool Aid and other useful items will be sent to those whose names are on the list periodically.

Gifts to the fund for covering the cost of the Vietnam

project have been made recently by King's Drugs, Mamie Stearns, Helen Wellman, Florence Baer, Frank ReCupido, Mrs. Zubor, Mrs. Adeline Bywell, Irma Hostetler, Leslie Hanke, Betty Vanderkloot, Mrs. Robert Hart, Mr. and Mrs. York, Don's 66 Service, Andrea Goode, Helen Nelson and Mrs. George Palaske.

Chamber Sponsors "Color Me Easter"

The Antioch Chamber of Commerce is sponsoring a big pre-Easter promotion on March 23, 24 and 25, with about 300 prizes to be given away, including a 25-inch color TV.

The Easter theme will be accentuated by two Bunnies who will roam the streets of the business section, giving candy to children. The bunnies will be two Antioch High School girls, Jo Ann Lozowski and Carol Horwath. Thirty merchants who are participating in the promotion will have coupons available so that people can sign up for the big free drawings.

Donations To Rescue Squad

Dr. and Mrs. W. A. Biron, in memory of Vera Nelson.

Thos. S. Maskowicz, Jennie Marotto, Otto Christensen, Ray Toft, Elsworth B. Noble, Mr. and Mrs. Arthur Doty.

Lake Villa VFW Memorial Auxiliary Post No. 4308, in memory of Mrs. Ruth Fox.

Dr. Charles Ness, in memory of John E. Gudgel and Herman Klaier.

Royal Neighbors of America, in memory of Lucy Himmens.

Mrs. John E. Gudgel, in memory of John E. Gudgel. Leo Buchta, Ted and Josephine Ozga, Lester J. Osmond.

Mr. and Mrs. Edgar Simonsen and Mr. and Mrs. Otto Hanke, in memory of Mary K. Filip.

Anna Rumpsa, R. Greig, G. A. Hansen, Walter & Ann M. Koziol, Magda H. Schutz, Kettle Moraine Woman's Club, Alma Geis, Henry Sendram, Pedersen's Bakery.

Friends of Herman Klaier, in memory of Herman J. Klaier.

Friends of Mrs. Kusik, in memory of Mrs. Kusik.

Mr. and Mrs. Ernest Gray, Wm. & Margaret Campbell, Nick Badame, Lawrence R. Thiel, Preston J. & Marjorie Reckers, C. Blom, Chester Golonka.

Virginia Carney in memory of Ada Potter.

Friends of Kenneth Hills in memory of Kenneth Hills.

Brechen Albrecht, Marlene & Dick Major, Mr. and Mrs. Arnold Waller.

A&P Employees in memory of Martha Jensen.

S. James, M. Beath, A. Buerekal, Robert & Mary Berg, Lillian G. Ackerman, Irene Gaynor, Wilnot Mountain, Mrs. Joe. Swanson & Mrs. Victor Swanson.

Adeline C. Bywell, in memory of Mrs. Margit Larsen.

George & Rose Masopust, Mr. and Mrs. R. Ohlgren in memory of Mrs. Fred Larsen.

Lillian Rothers, Grass Lake Lumber Co.

Coin Club Meets Mon.

The Antioch Coin Club will meet at 8 p.m. Monday, March 20, in the community room of the Antioch Savings & Loan.

A movie on coins will be shown, and refreshments will be served after the meeting.

Anyone interested in coins, or anyone having any coins they might like to have appraised, is invited to the meeting. Dealers will be there and will appraise or purchase coins.

American Legion Post 748 Receives Plaque For Birthday

Past Commanders of Antioch American Legion Post No. 748 were honored at a "birthday party" at the Legion Hall last Thursday night, and Dr. George W. Jensen presented the post with a large plaque carrying brass name plates listing all the Past Commanders of the Post.

Dr. Jensen presented his gift to the post to Commander Bernard Stadick at the conclusion of the roll call of Past Commanders.

Four Life Memberships were presented to past commanders at the conclusion of the Roll Call. Dr. Jensen presented Life Memberships to John L. Horan, Paul Chase and Al Swenson. Commander Bernard Stadick then presented a Life Membership to Dr. G. W. Jensen.

Antioch Post No. 748 was chartered February 25, 1926.

From that time up to the present, the roll call of commanders included: Ray Webb; Dr. G. W. Jensen; Archie Maplethorpe; Paul Chase; John Horan; S. M. Valance; Alonzo Runyard; Dr. L. J. Zimmerman; Walter K. Hills; Otto S. Klass; Frank Hattrem; J. L. (Red) Waters; Ernest H. Glenn; Warren Edwards; Clarence J. White; Harry Messager; Roman B. Vos; Leslie Heath; Floyd W. Horton; F. A. "Al" Swenson; Everett Hatfield; Ed Frazier; Ray Morton; Edward Jahnecke; Harold Christensen; Oscar Onstad; Dan Lightsey; J. W. "Jack" Horan; Bill Lahti; Dr. H. Mizock; Dr. G. W. Jensen; John L. Horan; George A. Swenson; William Chase; Dave Kuiken; John L. Volk; George Ott; Don Gaston; and Jim Ferrier.

Seven of the Past Commanders are deceased. These are Ray Webb, Archie Maple-

thorpe, Alonzo Runyard, Otto Klass, Warren Edwards, Harry Messager and "Red" Waters.

Twenty-one of the Past Commanders are still members of Antioch Post No. 748.

There are three Father-Son teams of Past Commanders: Paul Chase and William Chase; J. L. Horan and J. W. Horan, and F. A. Swenson and G. W. Swenson.

Four of the Commanders served in the capacity for two terms: Dr. Jensen, John L. Horan, F. A. Swenson and O. I. Onstad.

Nineteen of the past commanders were present at the meeting.

Letters were received from Past Commanders who were unable to be present. Several had moved to other areas, some were on vacation. Letters were read from Paul Chase, Dr. L. J. Zimmerman, Frank Hattrem, Clarence White, Leslie Heath, Floyd Horton, Everett Hatfield, Harold Christensen and Oscar Onstad.

The Awards ceremonies were preceded by a dinner, and a program presented by Sgt. Samples, recently returned from Viet Nam. Lt. Col. Dora Coover, also recently returned from duty as a nurse in Viet Nam, told of her experiences there.

Race Develops For AGS Board

With the last day for filing petitions of candidacy to local school boards only days away (Sat., March 18) several new candidates have filed petitions.

At Grass Lake School, where two positions are open, two candidates have filed. They are Mrs. Richard (Lorraine) Clerk and Mrs. Charles (Marilyn) Haling. There are no other candidates so far.

At the Antioch Grade School where there are vacancies for two three-year terms and one one-year term, four have filed for the full

terms and three candidates have filed for the short term.

Competing for the three-year term at AGS are Joan Toft, incumbent; Clyde Frad, Robert Yonke, and R. Wayne Polsgrove.

Running for the one-year term at AGS are Townsend Barlowe, Fred Wolf and Robert Burns.

Two candidates have filed petitions at Antioch Community High School for the two positions open on the board. William Brook, incumbent, and William Petty are the candidates.

Lions Hold Awards Night

Visiting dignitaries of District 1F of Lions International joined local Lions in Awards Night ceremonies held at Lorenz's Smart Country House last Monday night.

Present for the Awards night dinner were Ang Marcheschi, District Governor of Dist. 1F; Robert L. Oakley, Deputy Dist. Governor of 1F, and William R. Howell, Zone Chairman of Dist. 1F.

Highlight of the evening was the presentation of awards to four charter members of the Antioch Lions Club. Walter Scott, one of the charter members, is in the hospital and could not be

present. Edmund Vos, Irving Carey and James Horan were the others so honored.

In addition to being charter members, the four men have been members of the Lions Club continuously for thirty years.

A special award was also given to Loren Sexauer for 17 years continuous service to the Lions Club Rescue Squad Fund committee.

Awards were also given out to other Lions for services on various projects. William Seemann, president of the club last year, received an award for his service to the club.

Bridge Tourney Gets Under Way

Players in the annual Lions Club Bridge Tournament have been grouped for the first round of matches. Play starts immediately, and each team will play all the other teams in their group.

The first game in the Round Robin play must be played by Monday, March 27. Playing of the first round (four games) must be completed by April 17.

In Group 1 are the team

of Zada Vos and Millie Gaston; Kay Manzardo and Genevieve Conville; Frances Reeder and Elaine Wojnowski; Mrs. N. Heyne and Mrs. R. Heins, and Dorothy Olson and Marge Beitzell, last year's champions.

In Group 2 are Art and Norma Meierdick; Jim and Helen Kopriwa; Charles and Marge Solar; Les and Beverly Sorensen, and Bill and Judi Nauman.

In Group 3 are Lily Petty and Ellen Tossey; Elmer and Lucille Eberman; Bob and Mary Berg; Roger and Jan Broder, and Bernie and Jen Osmond.

In Group 4 are Gerry Olson and Leone Petersen; Art and Lori Acene; Walker and Rosalie Lyons; Don and Carol Anderson and Bill and Pat Hayden.

It is up to each team to contact the other teams in their group and arrange a time for playing each match until play within the group is completed.

Names of winners of each game will be posted on a score card in the window of Wilton's Electric Shop and at the Antioch News.

Open Hospital Addition Sunday

The new addition to St. Therese Hospital will be opened to visitors Sunday, March 19, from 1 to 6 p.m.

Formal dedication ceremonies will be held Saturday, with attendance by invitation only. Archbishop John P. Cody will dedicate the new public, civic and religious leaders are expected at the ceremonies.

The new \$5 million, 7 story addition to the hospital will add 150 beds to the hospital's capacity. The hospital now has 320 beds.

The addition will house a 30-bed psychiatric unit, the first of this type in Lake County. The psychiatric unit will be open in about one month. The rest of the addition will be open for admitting Monday.

Gets Silver "C" For Cheerleading

Mary Wagner, daughter of the Leo Wagners of Salem, received the silver "C" for being outstanding cheerleader of 1966-67 season at Salem Central High School.

Mary has outstanding cheerleading ability and practices school citizenship to the utmost. She has been active in all school affairs, participating in forensics four years, and last year was in the state contest. She has also been an active member of pep club, the chorus, and dramatics.

Mary attended Badger State in her junior year, and also entered the Science Fair each year which is a requisite for belonging to the Science Club.

Miss Ruth Leaflink presented the pin to Mary, as she is her cheerleading coach.

Round Lake Man Wins Sales Honors

Warren Brose, 306 E. Lakeview, Round Lake, district representative for Lutheran Brotherhood, qualified for the 1966 Leaders Club, one of the fraternal insurance society's top sales honors, on the basis of his individual production of new business last year.

Mr. Brose is a member of the Elmer Oakland agency, Rockford.

Seek Information On AGHS Graduates

Antioch Community High School is seeking information on past graduates who may be completing college work this year.

Any parents or friends who have that information, including type of degree, college, major field, any honors, etc., please call 395-1421 and ask for Mr. Kurek.

Americans can choose from a variety of 6,000 foods in fresh, canned, frozen, concentrated, ready mixed or other forms.

William Seemann, president of the Lions Club last year, received an award Monday for his services to the club. Congratulating him are, left to right, William R. Howell, Zone chairman of District 1F; Robert L. Oakley, Deputy District Governor; William Seemann; president Dan Dugenske, and Ang Marcheschi, District Governor.

Three charter members of the Antioch Lions Club received special awards at Monday night's Awards Day Dinner. Seated: left to right, are the three charter members, Edmund Vos, James Horan and Irving Carey. Standing, Robert L. Oakley, Dep. Dist. Governor; Dan Dugenske, president of the Antioch Lions Club; Ang Marcheschi, Dist. Governor, and William Seemann, past President of the Antioch Club.

Your Congressman Reports....

By Cong. Robert McClory

Two divergent—and powerful—segments of our economy are making an all-out fight to block foreign imports. Composed of big steel companies on the one hand and small farmers on the other, these two groups have complained to Members of the 90th Congress that foreign imports are "damaging their business."

Several weeks ago executives from most of the nation's major steel companies met in Washington with more than 100 members of the United States House and Senate. The spokesman for the steel executives, L. B. Worthington, President of the United States Steel Corporation and Chairman of the American Iron and Steel Institute, drove home these disturbing and indisputable facts: (a) the United States is the world's largest importer of steel; (b) United States exports of steel dropped from 5½ million tons in 1957 to less than 2 million tons in 1966; (c) foreign steel imports account for more than 20% of the market on the Pacific Coast and in the Southwest; (d) increased steel imports have resulted in a 1966 negative trade balance of nearly a billion dollars.

The Members of Congress, many of whom have steel plants in their districts, (such as the United States Steel Corporation's plants at Waukegan in our own 12th District) are anxious to help protect—and promote these industries. Steps which can be taken by possible congressional action include: (a) establishment of fixed import quotas based on the average amount of imports in the years prior to 1966; (b) increase tariffs on steel products; (c) passage of anti-dumping legislation to block importation of steel and steel products subsidized by foreign governments.

The dilemma of the small farmers is not unlike that of the great steel producers. For instance, the nation's dairy farmers, many of whom occupy the principal land area of our Congressional District in Lake and McHenry Counties) have suffered under a 567% increase in dairy imports since 1953. While only 75% of this increase occurred between 1953 and 1965, dairy imports increased by a whopping 433% in 1966. Tariffs on foreign dairy products have been circumvented by various devices such as foreign subsidies, currency devaluation, and development of new dairy products (to which the tariffs do not apply).

Even the import quotas fixed in recent years by the Department of Agriculture have been largely ineffective because of the development of new dairy products for which no quotas have been established.

Representatives of the dairy farmers have recommended enactment of the Dairy Import Act of 1967 which would authorize establishment of quotas based upon butterfat and nonfat milk solids. Such quotas would apply to all imported dairy products and would discourage the importation of new types of dairy products developed for the primary purpose of evading existing tariffs and quotas.

The great producers of steel and the small producers of milk have problems common to their respective businesses. Tremendous pressures will be brought to bear on the Members of the 90th Congress to aid these two great segments of the nation's economy.

HUNTSVILLE, ALA., NEWS — "There still is much that needs to be done to give our people price relief. . . . That major something is to curb inflation that forces prices up without giving better value. And the primary cause of inflation is the something-for-nothing federal government spending in excess of tax income."

Courthouse Notebook Springfield Report

BY LOU DUKIN

New game around the Lake County courthouse is trying to read some significance into the appearance of Lake County Board members before the Grand Jury which is supposed to be conducting a probe of the now-non-court house.

Some of the supervisors have been closeted with the grand jury for more than an hour while other members who would be expected to have more information to impart have been in and out in little more time than it would take to give the jurors their names and addresses.

For instance, Libertyville Supervisor Guy L. Grinnell, a member of the Lake County Building Commission which is building the non-courthouse, set some kind of a record by retiring from the hearing room in less than five minutes.

One of the senior members of the board and one who always winds up on the winning side in board schisms, Grinnell's in and out performance is strictly in character.

Despite his position of perennial leadership the Libertyville representative is one of the least quoted and—and seemingly least active—members of the board, but this scarcely detracts from his effectiveness.

Grinnell is rather noted for being close-mouthed, but it is surprising the Grand Jury could not get some information from him regarding the court house building plans since he has been a member of the commission since its inception.

In contrast to Grinnell's brief appearance Supervisors Norm Geary of Avon and Frank Peers of Deerfield were closeted for well over

an hour. It is perhaps coincidental that both men were less than enthusiastic about the building project, but it is unlikely they were making campaign speeches since there weren't too many jurors from their townships.

Waukegan Supervisor August Cepon, first chairman of the Building Commission and still a member, talked to the Grand Jury for more than an hour as did Robert Dickson, of Wauconda, a commission member.

It is easy to speculate that Cepon had some remarks to make about the politics involved in his being replaced as chairman by Taisto Aho, also of Waukegan, who bolted Cepon's team to vote for a second term for Kenneth Henke, of Benton, as chairman of the county board.

The Grand Jury was charged with responsibility of investigating "cynical statements" that indicated that there was a plot afoot to build a county administration building instead of a court building and jail.

If the grand jury decides that a courts and jail building should be constructed and the judicial branch of county government directs that a building be started immediately will the judges also direct how and where the money is to be raised to pay for it thus getting the politically vulnerable supervisors off the hook?

Congratulations to the Antioch High Squirts for their fine showing in the state high school basketball tournament.

Now that basketball is over for the high schools it is time for them to turn their attention to baseball, which on the major league scene is already underway in the land of sunshine.

Bob Elson, the dean of baseball broadcasters, can now be heard on Station WMAQ extolling the virtues and ignoring the vices of the Chicago White Sox.

Listening to Elson makes us homesick at this time of the year because of the five years we spent writing sports in Sarasota, spring base of

From Richard Lockhart Although the Illinois Constitution is only three years away from its 100th birthday, there are those who would like to prevent that event by having a convention next year which would draft a new constitution.

The Constitution Study Commission, headed by State Representative Marjorie Peabworth (R-Riverdale), has been working for the last year to prepare some recommendations for the Legislature regarding Illinois' 1870 Constitution.

Their conclusion, after a year of study, was that our old constitution is so decrepit that the whole thing should be scrapped and we should start all over again.

The reason that this is necessary is because the present constitution is so difficult to amend. With the exception of the 1954 Reapportionment Amendment and the 1962 Judicial Amendment, no significant changes have been made since the adoption of the constitution nearly a century ago.

The problem is a mathematical one. In order for the constitution to be amended, it first must receive a two-thirds vote in the House and Senate. It is then submitted to the voters for their approval.

Here, one of two tests must be met. It must either have at least two-thirds of those voting on the issue, vote "yes"; or it must receive a majority of the total vote cast. As indicated by the record, both are difficult to achieve.

Another problem is one of tradition. There may be many archaic and, perhaps even stupid provisions in it, but Illinois has progressed in spite of them. In addition, we have gotten so used to so many of these ancient provisions that they have become institutionalized.

For example, the ballots are too long in that there are many elected offices. Yet, when it comes down to specifics, which offices are to be appointive rather than elected by the "people"? The personal property tax is very unfair, but one will find it difficult to change the constitutional provisions relating to the property tax without changing the provisions relating to other taxes. For instance, the income tax.

This 1967 Legislature will be asked to place a call for a constitutional convention on the ballot in 1968. (It will take a two-thirds vote to do this.) If approved, two convention delegates will be elected from each Senate dis-

trict. This means that there will be 42 from Chicago, 18 from suburban Cook County and 56 from the remainder of Illinois.

The vote on calling a constitutional convention will be very close. In the meantime, there are some legislators who want to try to lower the voting age to 19, to permit lotteries, to impose an income tax and to have annual sessions of the Legislature.

Their fates will not be resolved until later, however. It is clear that there will be vigorous efforts to change our basic document. Whether they will be stronger than tradition, remains to be seen.

YESTERDAYS

From The Antioch News of March 13, 1947

Bids are being sought for a new 5-room schoolhouse at Grass Lake. The new building will accommodate 80 pupils.

Seven candidates to compete for three positions on the village board. Candidates are Arthur Rosenfield, George S. Wagner and Elmer Rentner, incumbents; and Edward Knickelheim, Windsor Dalgaard and Merrill Cunningham.

The Antioch High School district is to vote soon on whether or not student bus service shall be established.

TEN YEARS AGO From The Antioch News of March 14, 1957

Five candidates were running for two positions on the Antioch Grade School Board. They are Harold Cardiff and Charles Wertz, incumbents; plus Arthur Letkey, Sam Lombardo and Elroy Anderson.

The Antioch Lions Club honored 8 charter members and 10 past presidents at Monday night's meeting. Charter members honored were Bud Holtz, William Rosling, Elmer Brook, James Horan, Walter Scott, J. E. Brook, Frank Powles and W. S. Darnaby.

For thousands of years, the tuberculosis germ has been man's deadliest enemy. It has killed tens of millions of humans within recorded history.

To Know Your Village Watch This Space

"It has been a pleasure to have served as your Village Clerk for the past 16 years, and sincerely hope that I can fulfill my obligation to the people of Antioch, for the balance of my term of office."

GUEST EDITORIAL

By Charles Watson

Altering the usual idea or style of an editorial is a legitimate procedure, as it offers the opportunity to inject not only ideas of attraction and interest, but has a tendency to broaden the scope of general reader interest.

It seems reasonable to believe that an occasional diversion in theme and story would be a welcome change. The story you are about to read is absolutely true in every respect.

We are going back to a town in Michigan by the name of Berrien Springs. The story is one of the many incidents in school life that terminates in a sense of humor that is most unusual.

Berrien Springs at this time was a town of about eight hundred population; the year was 1896 and a portion of its popularity was due to the fact that it was the county seat, with a jail, courthouse and three hotels, plus five churches, but only one school. The main floor housed the grammar school of eight grades; the second floor was the high school.

The school board was forced to hire a new teacher for the eighth grade class and this teacher was also to assume the role of principal of the school.

A Miss Howe of some thirty years of experience was finally engaged and the school year was off to a supposedly good start.

However, it was not long before a sense of dissatisfaction began to develop in the eighth grade and all too soon the news reached the school board. But securing any information as to the nature of the trouble was found to be very difficult and the efforts of the board brought no results. Finally the truth came to light the following way.

When school convened on a Monday morning and the eighth grade pupils entered the class room, they saw written on the blackboard the following:

O Lord of love
Look down from above
And pity us poor scholars.
We hired a fool
To teach our school
And pay her fifty dollars.

The storm really broke when Miss Howe entered the room and read the usual tribute. In her rage, she began a search and inquiry to discover the culprit. Within two days she had accomplished her quest. A pupil who was the son of a local physician was trapped and made a complete confession.

He was temporarily expelled and Miss Howe was no longer pestered by her determined annoy.

ALONG THE WAY with Annie Mae

Teamwork Plus!

Not only Congratulations are in order for our Antioch Sequoia on their fine record of 27 wins and 5 losses, but a special thanks to the months of fun and pleasure for us as fans had watching real teamwork in action!

Plus a special note on the interest some of the merchants took in promoting our team on their billboards. They were the Dairy Queen, Antioch Theatre, Art's Paint Store and the State Bank.

Color It Easter
That's the upcoming Easter promotion the Chamber of Commerce has going next week. With a color television as the prize! Other Easter contests going on are Decorate the Egg at the Shoe Box, Color the Bunny at Art's Paint Store, and Guess How Many Eggs for children at

the State Bank.

Bridge Building
Contestants are making preparations for the first match in the Bridge Tournament this week. Wonder who the champs will be this year?

Sunny Florida

Four more Antioch people sporting those Florida tans this week are Ed and Louise Vos and Lew and Sharon Simon and family.
Christmas 1967?
Now that Jim and Viv Mapleshorpe took their outside Christmas tree down, I wonder if the Ken Rentners and the Jack Davises will do the same with their late... or maybe their early? Christmas decorations. Don't forget, folks, only 287 shopping day left!

Sign me,
LAST MINUTE MAE

As It Happens —

By Rep. W. J. Murphy

Honored

The writer of this column was honored this week by being selected to serve as Master of Ceremonies at the annual Legislative St. Patrick's Day Corned Beef and Cabbage Dinner in Springfield. He shared the Speaker's Rostrum with Governor Kerner, his old friend Paul Powell, the Secretary of State, the Leadership of the House and Senate including our own Senator Robert Coulson and all the other elected State officials. He performed before a packed house of about 1000 guests including the Press which also included Ed Nash of the Waukegan News-Sun. The proceeds of this annual party, in honor of St. Patrick's Day, are used as a Welfare Fund for members of the House at times of hardship and emergencies.

Prohibition Returning

The so-called Implied Consent Bill and a companion Bill that calls for reducing to 10 per cent the amount of alcohol you may have in your system and still be able to pass a drunken meter test has passed the Senate and will be heard in the House Committee this week. The Implied Consent Bill says that when you apply for your driver's license, you have in fact given consent to the law to submit yourself to a drunken meter test upon request of any law enforcement officer. Refusal to comply, if this Bill becomes law, means that you automatically lose your Driver's License.

In this writer's opinion, this is a very bad bill for a free state. We are all interested in accomplishing anything that will cut the traffic death rate toll and injury toll on our highways. However, this measure, in my opinion, is too harsh and if enforced and/or abided by will almost be a new prohibition law. As very few can ever pass the test if they have had over two drinks. Very few (who do drink) stop at two drinks and if the law is strictly abided by, it will certainly have a depressing effect on the tavern and restaurant industry. Worse than this even is the fact that the drunk meter test can be misused — the law can be used for harassment — and will not in my opinion cut the death rate on our highways. It seems odd that one can take the 5th amendment for murder, rape, bank robbery, etc., but for taking a few drinks you have to practically testify against yourself.

Voting against this bill, however, will be like voting against "motherhood." Any one opposing it will be called irresponsible, stupid, etc., by the press. I wish the writers for the press would examine their own consciences and/or habits and ask themselves honestly if they can live with this law. I have enough of hypocrisy from the press and from my fellow Legislators as it happens and I will report it AS IT HAPPENS!

Some Unusual Beauty Recipes

By Elizabeth Stewart

Service

COLONIAL DAME'S BEAUTY RECIPE

There is really nothing like a Colonial dame:

Harsh though her life often was and endless her work—she still made the time to care for her looks. How do we know? Here are some beauty formulas from a recipe book written in 1756 by Eliza Lucas Pinckney, who lived on a plantation outside Charleston, S. C.

For hand care: "Boil four eggs hard. Take out the yolks and beat them. Blanch a quarter of a pound of bitter

almonds and beat them in brandy. Put to them a half penny loaf grated, as much honey as you like. It will keep seven years together."

And here's a recipe alleged to make the hair grow: "Take rosemary maiden hair, South-ernwood, hazel bark, of each 2 ounces. Burn those to ashes on a clean hearth. Put those ashes in white wine to make a strong lye and wash the hair daily at the root. Keep it cut short. This is better than bears' oil or pomatum." Mrs. Pinckney promises. Her manuscripts also includes nostrums for the relief of hiccup and gout, and recipes for raisin wine and gooseberry vinegar.

Let us make education our national extravagance.

Lindenhurst News

Prince of Peace Church

The C.Y.O. Club will attend the 8 a.m. Mass and receive communion. This will give the members an opportunity to take part in the blessing of the palms and procession. A meeting will follow.

There will be a bowling party Sunday afternoon. The members will meet at the school, and come back later for pizza.

On April 2nd at the Lake Villa gym at 2 o'clock, there will be a basketball game between the girls—followed by a game between the C.Y.O. boys and the Holy Name Society.

Rabbi Mendel Abrams of Waukegan was the guest speaker at the March meeting of Prince of Peace Church Altar and Rosary Sodality.

The eight girls who are working for their Marian Medal Award, Patty Mohr, Donna and Judy Sokup, Theresa Rosol, Carol Buxkis, Andrea Lentine, Joanne LaValle and Kathy Hartwig, were invited by the sodality to be guests. They were introduced as "prospective" Altar and Rosary members. Currently the girls are taking turns cleaning the Sanctuary for a month at a time, with an adult, to earn their award. They have to complete 40 projects before they can receive the Marian Medal.

Their co-advisers are Mrs. Gloria Mohr and Mrs. Esther Sokup. Feb. 12 the girls visited the Benedictine Sisters' Convent in Mundelein for a Holy Hour. They were shown slides and served refreshments by the Sisters. The girls will have a Day of Recollection, Sunday, April 9, at the St. Benet's Abbey. Rev. Justin Johnston, O. S. B., will talk to them. Two seminarians will talk to the girls about marriage, at their April 26 meeting. They are going to color eggs for the girls at Mount St. Joseph's Home for retarded children in Lake Zurich for Easter. Mrs. Vanetta King from the Sodality will deliver them.

Other business conducted at the Altar and Rosary meeting was the forming of the Card Party committee. Heading it are Mrs. Mary Cepon, Mrs. June Kneiff, Ann Madison, Leota Johannes and Lee Stollenwerk. It will be held on Wednesday, April 19 at the church.

St. Mark Lutheran Church

The monthly poster is created by Mrs. Richard Stehman, member of the A.L.C.W. She has received many blue ribbons for her oil paintings.

Committee Proposals Would Save State \$30 Million

Proposals designed to save the state of Illinois at least 30 million dollars of taxpayers' money annually were submitted to Gov. Otto Kerner recently.

The suggestions came in a 93-page report by the Business Management Study Committee for Illinois, formed by a Kerner executive order last May to study the possibilities for making state government more efficient and economical.

Waldo Mauritz, a partner in Peat, Marwick, Mitchell & Co., who served as committee chairman, said the 30-million-dollar estimate included only recommendations on which estimates were reasonably determinable, but added that savings from implementation of all the panel's proposals would "materially exceed" that total.

Keith McKy, the executive director, who guided a 51-man task force of businessmen, said "a substantial number" of jobs could be abolished under the proposals, but stressed that "our purpose was not to eliminate jobs, but to make more efficient the state's services." Particularly to be affected, he said, would be the workload of about 20,000 employees whose work is subject to clerical work measurement techniques.

Already proposed by Kerner, and described by Mauritz as "a good but small start" of possible improvements, are measures which would create a Department of General Services; centralize state budgeting, accounting, management reporting, and performance appraisal in a strengthened Department of Finance; give Illinois Youth Commission cabinet status; and abolish the departmental status of the department of financial institutions.

Some of the proposals made in the report would:

1. Provide for the issuance of auto license plates for five years, with renewal

7:30 a.m.—Easter Breakfast served by the ladies of the church. Reservations must be made ahead of time.

10:30 a.m.—Festive Easter Worship. The film, "The Peace of Easter" will be shown instead of the regular Sunday School classes and "talk-back" time.

Dr. Glenn Van Hockel, a doctor from the Naval Hospital at Great Lakes was the guest speaker at last Sunday's meeting of the Luther League.

Hospital Notes

Friedrich Wilms underwent surgery a week ago Tuesday at Great Lakes Hospital. He is reported doing as well as can be expected. Mrs. Fred Schommeier returned home last week from a rather long stay at Billings Hospital.

decals for the plates to be issued annually. The report estimated this step would result in annual savings of 1.8 million dollars.

2. Place under civil service all state employees under the policy-making level.

3. Begin a program eventually leading to the establishment of a mandatory retirement age.

4. Make more effective use of data processing equipment to end duplication of work now performed by the Department of Finance, the Auditor of Public Accounts, the Treasurer, and various other agencies. "Significant economies can be achieved in this area," the report said, "while increasing the state's capacity to handle future requirements."

5. Create a central pool for all state motor vehicles and require that agencies using state-owned vehicles, when practical, purchase all gasoline from state facilities — steps the report estimates would result in an annual saving of more than 2 million dollars.

6. Require all state officials and universities to purchase through the centralized division of purchasing. Currently only departments under the Governor are required to do so.

7. Modernize records of vital statistics and eliminate duplication of activity in this area between the state and local governmental units.

8. Increase the fees, to recover administrative costs for various licenses or services, such as requests for specified auto license numbers and duplicate titles, motor boat licenses, and hunting and fishing licenses including those of state-operated areas. Additional revenue from these increases, which report said are necessitated by increasing administrative costs, would approximate 2.2 million dollars a year.

9. Initiate action to accelerate the deposit of cash receipts to increase cash availability as well as interest income. Because of peak loads and processing procedures, substantial amounts may remain undeposited for several days or longer.

SPARERIBS WITH LIMAS

An oven favorite, completely different from grilled spareribs, includes dried lima beans and apple cider.

Prepare the beans first. Add 1 teaspoon salt to 1 cup dried lima beans. Cover with 3 cups water. Boil two minutes. Remove from heat and cover tightly. Let stand 1 hour. Simmer 1 hour or until tender. Place in a greased baking dish with 2 large onions, sliced, with 1 cup apple cider or juice. Top with 3 pounds spareribs cut in serving sized pieces and browned, if desired. Cook, covered, 1½ to 2 hours or until ribs are done.

Town & Country Art Show Conducts Critique

Hundreds of Lake County amateur artists from all areas of the county are eagerly awaiting the 1967 Town and Country Art Show according to Farm and Home Advisers Ray T. Nicholas and Helen Volk. The art show is sponsored by the Lake County Cooperative Extension Service of the University of Illinois and will be held in the Farm Bureau Building on the Lake County Fair Grounds March 28 and 29.

According to present indications there will be entries in all classes including paintings in various media, ceramics, wood carving, sculpturing, metal enameling, weaving, pottery and other crafts. There will be two separate divisions in the show: artists of high school age and older, and those below high school. From the high school age and older group, the three judges will select a number of exhibits for the district show. In 1966 Lake County artists

exhibited 481 different items in the show; 112 of these being submitted by the below high school group and 323 by high school age and older group. The judges awarded 25 blue ribbons to artists whose works were later entered in the district show.

Distinct feature of the Cooperative Extension Service sponsored Town and Country Art Show is the critiques conducted by the jurists. Critiques are scheduled for 2 p.m. and 7:30 p.m. on Tuesday, March 28.

The public is invited to attend the show without charge on Tuesday, March 28, from 1 to 10 p.m. and on Wednesday, March 29, from 9 a.m. to 9 p.m.

Amateur artists desiring rules of the show and entry blanks may obtain them by writing Ray T. Nicholas, P.O. Box 267, or Helen Volk, P.O. Box 356, Grayslake, Ill.

DOG BITES MAN

A man was bitten by a dog, and eventually was told by the doctor that he had rabies. The patient took out a pad and pen and started writing. "No need to write your will," said the doctor. "We'll pull you through."

"It's not my will," said the man. "It's a list of people I'm going to bite."

Learn from the mistakes of others—you can't live long enough to make them all yourself.

Arndt-Rowan Wedding At Community Methodist Church

Miss Roberta Ann Arndt of Antioch became the bride of Dennis James Rowan of Round Lake in a candlelight service at 5 p.m. Feb. 11 at the Community Methodist Church in Lake Villa. The Rev. Bruce C. Jones heard the marriage vows.

The bride is the daughter of Mr. and Mrs. Harry Arndt of Rt. 3, Antioch. The groom is the son of Mr. and Mrs. Carl Rowan, 1532 N. Summit, Round Lake. The bride was given in marriage by her father.

The bride wore a floor-length gown of silk bombazine and chantilly lace. The bodice was fashioned with a scalloped neckline and long lace sleeves. The skirt was bouffant with lace tiers in front and a chapel train. Her crown of aurora borealis crystals held a bouffant veil of imported illusion. She carried a cascade of gardenias and stephanotis.

Miss Carol J. Neason was maid of honor. Bridesmaids were Miss Julie Eaton, Mrs. Cathy Haley, Mrs. Carol Leaf and Miss Cecelia Arndt. Miss Ingrid Arndt was flower girl and the ring bearer was Steven Haley.

The bride's attendants wore gowns with a bodice of red cut velvet and red satin skirts. They carried cascades of peppermint carnations.

The mother of the bride wore a turquoise blue satin brocade sheath with matching accessories. The groom's mother wore a champagne beige three-piece suit with matching accessories.

Dennis Eaton was best man and the ushers were Ronald Arndt, Roger Rowan, Jeff Rowan and Paul Rowan.

Mr. and Mrs. Dennis James Rowan

Kenneth Smouse sang two solos accompanied by Mrs. Emily Novotny.

A reception for about 300 people was held at the V.F.W. Hall in Lake Villa. The honeymoon trip was two weeks in the central United States.

The bride is a graduate of Antioch Community High School and was employed at International Harvester Co. The groom is a graduate of Round Lake Community High School and employed at International Harvester.

Social Notes

By Del Jahneke

Mrs. Robert H. Dunlap, Jr., Grass Lake, was pleasantly surprised by nearly a dozen girl friends, her mother and sister-in-law, with a "post" baby shower held at her home on Wednesday, March 8th. Small Rodney David, born on February 20th, was the recipient of many nice and beautiful gifts. Mrs. Michael Ditzig was the hostess for this party.

Larry Rathmann, son of the Ray Rathmanns, Oakwood Knolls, celebrated his 14th birthday, on March 6, with a roller skating party for 25 of his friends from both school and church, at the Lake Region Roller Rink in Antioch.

Mrs. Lester Zitkus hosted a Tupperware party Tuesday, March 14, at her home.

The Misses Della and Helen Maase of Downers Grove were guests at the senior Ed Jahneke's home on Friday, March 10. The Misses Maase are Mrs. Jahneke's aunts.

A family "surprise" birthday party was held recently to celebrate F. A. Swenson's 71th birthday. A pot-luck supper was held with the Francis Swenson family of Milton, Wis.; the George Swenson family, Grandwood Park; the Lester Zitkus family of Antioch; and Mr. Swenson's brother, Roy, and wife and son, Verle, of Camp Lake, Wis., all present.

Mr. and Mrs. John David Horton

Newlyweds To Live In Arizona

Joan Ellen Tanner and John David Horton, both of Antioch, were united in marriage in a double ring service at Millburn Congregational Church at 7 p.m. Feb. 3.

The bride is the daughter of Mr. and Mrs. Louis E. Tanner, Sr., of Rt. 5, Antioch. The groom is the son of Mr. and Mrs. John V. Horton, 789 Main, Antioch.

The Rev. L. H. Messersmith performed the marriage service. The bride was given in marriage by her father.

The bride chose a gown of bridal taffeta and Chantilly lace, fashioned with a scalloped neckline and long lace sleeves. The skirt was controlled in front with back fullness and a chapel length train. The headpiece of pearls and crystals held a bouffant veil of imported illusion. She carried white gardenias with lily of the valley.

Mrs. Kathy Schneider was matron of honor. June Horton, sister of the groom, and Lee Ann Tanner, sister of the bride, were bridesmaids.

The bride's attendants wore floor-length gowns of emerald and Nile green satin. The bodices were fashioned with oval necklines and short sleeves. Satin bows and blusher veils were their headpieces. They carried Colonial nosegays of white roses and mums trimmed with green lace and ribbon.

John V. Horton was best man. Ushers were Louis Tanner, Jr., brother of the bride, and Jay Horton, brother of the groom.

Special music was provided by Kenneth Smouse who sang "I Love Thee" and "One Heart." A reception for about 100 guests was held at Millburn

Rosa M. Pleviak

Engaged

By Mrs. Bernice Bernau

The engagement of Miss Rosa M. Pleviak to Raymond Rogers is announced by her parents, Mr. and Mrs. Joseph J. Pleviak, 209 Cedar Ave., Lake Villa. Rogers is the son of Mr. and Mrs. Claus Rogers of Baraboo, Wis. A June wedding in Prince of Peace Church is planned.

Miss Pleviak is a graduate of Lake Villa Grade School and a 1963 graduate of Antioch High School. She will graduate from Wisconsin State University, Whitewater, in June. She is president of Phi Lambda Sorority. Her fiancé is a graduate of Wisconsin State University.

Sharon Kimmey

Betrothed

Mr. and Mrs. Lorrin Kimmey of Rt. 3, Antioch, announce the engagement of their daughter, Sharon, to Kenneth Luptak, the son of Mr. and Mrs. John Luptak of Round Lake Beach.

Sharon will graduate from Antioch High School June 8. The wedding is planned for June 10.

completed during the first semester.

To qualify for the Dean's List, a student is required to have taken at least 14 hours of academic work and achieve an average of 3.5 (A-minus) or above.

Try dipping a small, clean watercolor brush in cake frosting to letter cookies and cake if you do not have a cake decorator.

Larry Douglas

Speaker At Meeting Of Woman's Club

The March 20th meeting of the Antioch Woman's Club will present Larry Douglas, a Supervising Engineer with the Illinois Bell Telephone Company. His subject will be "So the Handicapped May Communicate."

In this country today, there are millions of handicapped people. Some are deaf, some blind, others have speech problems and still more have healthy eyes and ears but are bedridden.

The story of the Bell Telephone System's desire to assist these people will be told. Mr. Douglas's slide presentation highlights the development and use of special equipment that is available to the handicapped today. He will show how, with continued research, today's equipment is helping handicapped persons toward gainful employment as well as toward a more relaxed social adjustment to daily living.

The board meeting will begin at 12:15, with the regular meeting following at 1 p.m. The meeting will be held at the Scout House.

The hostess committee for the afternoon will be Mesdames Bernard Osmond, Kuni Skeide, Hillard Tobiecki, Loren Sexauer, Paul Chase, Sr., Ted Larson, Murrill Cunningham, Larry Ryan.

EMMONS PARENTS TO HOLD BAKE SALE

The Emonns School Parents' Club is sponsoring a bake sale at the old Ford Garage on Main St. Saturday, March 18, from 9 to 3 p.m.

American Legion Auxiliary News

By Del Jahneke

At the March 10th meeting of the Antioch American Legion Auxiliary, Mrs. Anton Johnson, Unit Legislative Chairman, urged all Legion and Auxiliary members, and any interested person, to support Legislative Bill S 355—this bill is designated to have a standing Senate Committee on Veterans' Affairs. All members are also asked, by the National American Legion and the Auxiliary, to oppose the Consular Treaty between the United States and the Soviet Union. Letters or cards should be sent to either U. S. Senator Everett Dirksen or U. S. Senator Charles Percy, Senate Office Building, Washington, D. C.

Mrs. John L. Horan, Sr., Junior Past President, reported on the Junior Past Presidents' meeting that she attended on March 2, at the home of Mrs. Lewis Johnson of Zion. Junior Past District Director. The 10th District Past President's dinner will be held May 4th, at the Jolly Rogers Restaurant in Zion.

Americanism Chairman Mrs. Lester Zitkus reminded the Auxiliary members that the 10th District American Legion and Auxiliary New Citizens' Reception will be held in the Highland Park Legion Home, on March 22, at 8 p.m.

A contribution was made to the Normal spending fund at the Illinois Sailor and Soldiers' Children's School at Normal, Illinois, by the Antioch Unit, announced Mrs. Walter Hills, Unit Child Welfare Chairman. Mrs. Albert Dorn, Mundelein, Department, (state) Child Welfare Chairman, has appealed to the various Units for more spending money for the children at the I.S.S.C.S. The price of movies, and other small luxuries has risen, and more money is needed for this fund. Mrs. Dorn will be the main speaker at a First Division Auxiliary meeting, to be held at the Palmer House in Chicago, March 31. She has previously been the guest speaker at the 3rd, 7th and 10th District meetings.

A large number of Antioch American Legion Auxiliary members and their husbands attended the Antioch Legion Post's 41st "Birthday Party" on March 9. The Post Past Commanders were honored that evening with a large wooden plaque with all the Past Commanders listed on it, presented by the oldest living Past Commander, Dr. George Jensen. Tenth District Auxiliary officers present were Mrs. Herbert Gleason, Libertyville, District Director; Mrs. William Schultz,

North Chicago, Alternate Director; Mrs. Albert Dorn, Mundelein, District Chaplain, and Mrs. Richard Brady, Gurnee, District Historian.

The 10th District Auxiliary officers are to be the invited guests of the Antioch Unit at their next regular meeting April 14th.

Millburn Hornets Plan Parent's Nite

The Millburn-Hornets 4-H Club met at Millburn School on Monday evening, March 13th. Committees were appointed to take care of Parents' Night to be held on April 10th at the school. Miss Nesta Foxen and Andreas Melas, foreign exchange students attending Zion Benton High School, will be the guest speakers and call parents are urged to attend.

Yearbooks for the 1967 4-H Club year were distributed to the members. Diane Walker announced the County Share-the-Fun program would be from May 1st to the 5th at the Farm Bureau building. State 4-H Club Week will be held June 20th to 23rd at the University of Illinois and one delegate from the Millburn Hornets will attend.

Project reports were given by Kathy Reynolds on "Fire Prevention," Larry Isbell on "Beef Judging Contest," Dave White on "Preparing a Steer for Show," and Gary Doolittle on "Preparing a Dairy Animal for Show." Gary Wells gave a demonstration on "How to Build a Megaphone" and displayed one which he had made himself.

Refreshments were served following the meeting.

Sunrise Service On Easter

On March 26 at 6:00 a.m., the Antioch MYF will present the Easter Sunrise service in the Antioch Methodist Church. The entire service will be performed by the MYF with several persons taking part in the worship service at the altar.

Featured will be a tenor solo by James McDowell with accompaniment by Linda Siliakoff. Also, there will be an oboe selection by Debbie Chandler.

The service will be followed by a Continental breakfast in Wesley Hall, which will be served by the MYF. Everyone is invited.

ON DEAN'S LIST JACKSONVILLE, Ill. — Lawrence Mateja, son of Mr. and Mrs. John Mateja, 1001 E. Longmeadow Dr., Lindenhurst, has been named to the Dean's List at MacMurray College for academic work

(U.S. Air Force Photo)
FUCHU, Japan — Airman First Class Richard D. Endean Jr. (right), son of Mr. and Mrs. Richard D. Endean of 608 N. Main, Antioch, receives a certificate of achievement at Fuchu Air Station, Japan, from Senior Master Sergeant Harry J. Mori.

Where The Boys Are

FUCHU, Japan — Airman First Class Richard D. Endean Jr., son of Mr. and Mrs. Richard D. Endean of 608 N. Main St., Antioch, has received special recognition at Fuchu Air Station, Japan, for his proficiency as a U.S. Air Force communications specialist.

Airman Endean was awarded a certificate of achievement for his outstanding duty performance. He was cited through the Air Force Zero Defects program which recognizes consistently efficient and error-free work.

The airman is a graduate of St. Joseph's High School, Kenosha, Wis.

His wife, Leslie, is the daughter of Mr. and Mrs. Arnold Isenberg of Flood River, Ore.

SAIGON, Vietnam—Army Private First Class David D. Miller, 20, son of Mr. and Mrs. Clarence E. Miller, Antioch, was assigned Feb. 23 as a military policeman in the 527th Military Police Company near Saigon, Viet-

nam. Pvt. Miller entered the Army in August 1966 and was last stationed at Ft. Gordon, Ga.

Miller's wife, Carole, lives on Route 4.

MAKES DEAN'S HONOR LIST

Ronald Van Rooyen, son of Mr. and Mrs. Charles Wysocki, 163 5th Ave., Rt. 5, Antioch, has made the Dean's list for work completed during the fall semester at Stout State College at Menomonie, Wis.

Ron was a graduate of Antioch High School in 1963. He played on the football team all four years at Antioch High.

He maintained a scholastic average of 3.764 of a possible 4.

Ron belongs to Sigma Pi fraternity at Stout State. He is majoring in Industrial Arts and Drivers Education.

ON DEAN'S LIST

Jean Price, Rt. 5, Antioch, has been named to the Dean's list at Iowa Wesleyan College for the fall semester. Miss Price had a grade point average of 3.57.

Phone 395-4111 for a free Classified Ad.

MOOSE TOPICS

By Lillian Birdsall

Attending the Mid Year Conference of the Illinois Moose Association, held at the Conrad Hilton Hotel in Chicago, from the Antioch Moose were: Richard Jorgensen, governor, Seth Mark, Jr. governor, and inner guard Scotty Birdsall, Collegians May Palmer, Mid Gillum, Harriet Grewe, Alice Young, Gert Good, E. Jane Meyer, Gerry Mark and co-workers Millie Stroner and Shirley Gehrls. The Conference, which lasted three days, offered many points of interest to the entire staff. The Moosehaven Health Center project has shown a large response of good will from donations received by Moose Lodges all over the Moose Domain.

Governor Richard Jorgensen presented his warrant for \$600 at this conference, from proceeds received from Scotty Birdsall's project, and which completed the quota for the Antioch Moose Lodge.

Edward Kurt was presented with a General Electric Clock Radio at the meeting that was held for the Loyalty Order of Antioch on March 8th. Governor Richard Jorgensen made the presentation to Kurt for his efforts in sponsoring 12 candidates in the Moose Loyalty campaign.

Other points of interest at this meeting was the report of the building committee. It was reported that the first floor plans have been submitted by the architect and it is hoped that the job can get started so completion will be in time for the Diamond Jubilee celebration in August.

The 3rd District meeting will be held at the Fox Lake Moose Home, Thursday evening, March 16, starting at 8 p.m. A business meeting for the W.O.T.M. will take place at the Antioch Moose Home Thursday, March 16, at 8 p.m.

The officers and appointed

officers are sponsors of the Cornbeef and Cabbage dinner to be held at the Antioch Moose Home Saturday, March 18. Serving is from 5 to 8 p.m. and dancing to live music will follow. An enrollment of L.O.O.M. candidates will be held at the Moose Home Sunday, March 19, at 1 p.m. The Legion Pot Luck and get together which was scheduled for this day was cancelled and the Traveling Bowling League will hold their bowling banquet starting at 6 p.m.

A special meeting of all chairmen of the W.O.T.M. will be held at the Moose Home Tuesday, March 21 to fill reports for the New Horizon certificates. Chairmen can be present any time from the hours of 5 to 9 p.m.

Holy Week Services At St. Peters

Second Passion, Sunday Palm Sunday (March 19)

Hospital Notes

Mrs. Mabel Schulz, Rt. 3, Antioch, has returned home from St. Therese Hospital and is recuperating from her recent bout of illness.

Mental Health Group To Hear Lecture

The Antioch Mental Health Auxiliary will meet at the home of Mrs. Robert Lubke, North Avenue, on Tuesday, March 21, at 8:00 p.m.

Thomas E. Smith, psychologist for the Special Education District of Lake County, will lecture to the group on behavior disorders. Auxiliary members have received copies of an outline prepared by Mr. Smith which they will study before coming to the meeting.

Mr. Smith will conduct a discussion-learning situation based on the outline. Anyone who wishes to attend may have an outline by calling Mrs. Joanne Poulos, 395-1298, after 6 p.m. This meeting will afford a fine opportunity for local teachers to hear a commentary on behavior disorders which are often evident in children.

The Auxiliary's Thrift Shop located in the old First National Bank Building, Lake and Main Sts., will be open on Friday and Saturday afternoons, March 17 and 18 from 1:00 p.m. to 5:00 p.m. to accept donations of clothing, knick-knacks, old jewelry,

Altar & Rosary Has Spring Hat Show

A Spring Prevue of hats was presented at the March meeting of St. Peter's Altar & Rosary Society by Marie Anne of Antioch.

Models for the show were Arlene Crawford, Fran Lombardo, Vi Walsh and Katherine Wells. The ladies tried on the hats after the show. Refreshments were served by Mrs. Milowski, chairman. Hostesses were Mrs. Nemecek and Mrs. Reeder.

EARN'S DEGREE

Charlotte Pruden Cain, Lake Villa, completed requirements for a BSE degree at Northern Illinois University in January.

Buckle Seat Belts & Live

The Lake County Safety Commission reports that your chances of avoiding injury in a traffic smashup are increased by more than one-third if you are wearing a seat belt.

Traffic safety research has proven that the chances of being killed are several times greater if you are thrown from a car in a traffic accident. Seat belts keep you safer within the car, should you be involved in a traffic collision or upset.

A nation-wide survey conducted by the Auto Industries Highway Safety Committee in 1966, revealed that while more than half of the 17 million cars inspected in the National Vehicle Safety-Check Program were equipped with seat belts, nearly two-thirds of the drivers questioned failed to use them when most needed. Only 37 per cent of the half million drivers interviewed in the survey said they "always" use their seat belts for local travel (trips of less than 25 miles). Twenty-two per cent admitted they "never" buckle up for short trips, while the remainder reported use "sometimes."

The Lake County Safety Commission pointed out traffic records show that four out of five fatal accidents happen within 25 miles of the driver's homes.

The survey showed that even for long trips only three out of five drivers reported "always" using seat belts while one in ten ignored him entirely.

Seven words to live by: "Before you drive: LOCK UP — Buckle up!" "Remember, seat belts and door locks will keep you inside the car should an accident occur only if you use them!"

No matter what the weather, the driver still is the most important factor in accident prevention. Be a thoughtful, careful, considerate driver in good weather or bad.

THE ANTIOCH NEWS-5 THURSDAY, MARCH 16, 1967

GOOD WATER SUPPLY

March began with generally good water-supply conditions throughout Illinois, despite below normal precipitation in February. William C. Ackerman, chief of the Illinois State Water Survey, has reported.

Run-off from melting snow continues to recharge water-supply reservoirs in the state, and most of them are full or spilling. The controlled lakes at Springfield and Decatur are at normal levels, and Lake Bloomington has risen three feet during the last month.

The natural water table in areas outside of heavy pumping centers remained above normal through most of Illinois during February.

Tuberculosis is an infectious disease. The germ that causes it can be present in the lungs and coughed up in the sputum.

ODORS AWAY
One Drop Air Deodorant

Kills household odors instantly

One drop per room gives twenty-four hour odor control. There are 240 drops in the 1/2-oz. bottle, an adequate supply for many months of spring-time freshness.

AS SEEN ON TV

Gas room heaters make sense.

Because they turn basements, added rooms, and breezeways into cozy, livable areas — give you more room for family fun. (Great for garages, too, 'cause they help cars start in cold weather.)

Because they're thermostatically controlled, so you can regulate the room temperature to fit the activity, whether it's practicing ballet or painting, studying, or just plain relaxing.

Because they're so attractively designed and finished, they give an extra touch of elegance to room decor. And because they're dependable, easily installed on any outside wall, come in sizes to fit any heating need, and cost far less to operate than other types of room heaters.

For more reasons why gas room heaters make sense, call our nearest office or your heating contractor.

The Law Serves You

A Public Service of the ILLINOIS STATE BAR ASSOCIATION

JOINT TENANCY COMMON BUT NOT ALWAYS WISE

Joint tenancy is a common way for two or more people to hold legal title to property but it is not always the best way. The Illinois State Bar Association states in a newly revised pamphlet entitled "Joint Ownership—Its Meaning and Effect."

In the pamphlet, the ISBA defines joint tenancy, with right of survivorship, as a form of ownership which provides that upon the death of one of the joint tenants, or owners, his interest or share immediately becomes the property of the surviving joint tenant or tenants. The transfer of ownership upon death occurs automatically, without any legal proceeding or action by the decedent's estate or by the survivors.

The pamphlet weighs the

advantages and disadvantages of joint tenancy arrangements.

A possible advantage of joint tenancy, it states, is the saving of probate costs if the property held in joint tenancy is the only property which otherwise would come under the jurisdiction of the probate court. For example, there would be no estate to probate if a man and wife owned a home, automobile and bank account in joint tenancy and this constituted their entire estate.

However, the pamphlet warns, a disadvantage of joint tenancy is that it may create an unfavorable tax situation in which surviving

joint tenants are subjected to additional death or gift taxes.

Another disadvantage is that the person who places property in joint tenancy loses the benefits of sole ownership and control. That person may not regain exclusive control of the property, or add new joint tenants or subtract old ones, without the consent of all the tenants, and this consent may be difficult to obtain.

Persons should examine the consequences carefully before placing their property under this form of joint ownership, the pamphlet

states. "Joint Tenancy—Its Meaning and Effect" is available without charge on request to the Illinois State Bar Association, Illinois Bar Center, Springfield, Illinois 62701.

Dr. SIMS says...

SAFEGUARD YOUR HEALTH

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

LOSS OF HAIR— PROBLEM FOR WOMEN, TOO.

Men aren't the only ones with the nagging dread of becoming bald. Women also encounter it.

The primary difference is that—while male baldness usually means permanent loss of hair due to heredity—hair loss in females is usually only a temporary problem brought about by some underlying condition such as pregnancy, menopause, blood disease or an endocrine disorder. Fortunately, once these conditions are passed or corrected, the hair usually grows back.

Of course, there are other factors—heredity, medications, oily scalp conditions, etc.—which also may be responsible. While some of these factors are beyond control, most are the direct result of personal abuse.

For instance, those harsh permanent waves, dyeing and bleaching lotions definitely contribute to baldness. So does teasing, excessive use of curlers and rollers and tight hair styles.

To lessen the risk of eventual baldness, heed these suggestions on hair care:

• Don't tease or comb your hair forcefully.
• Shampoo your hair at least once a week with a liquid castile soap.

• Avoid tight hair styles such as ponytails and braids.

• If you must use a hair dryer, make sure it can be regulated to avoid overheating.

• Don't wear curlers or rollers—especially those with bristles—for long periods of time.

• Brush your hair MODERATELY. The old rule of 100 strokes is outmoded, unless your hair is extra thick.

• Don't use any preparations or gadgets that promise to keep your hair from falling out; they are only a waste of money.

• Most important, don't panic! Excessive worry can cause added hair loss.

ELECTION NOTICE FOR BOARD OF EDUCATION OF SCHOOL DISTRICT NO. 36

Notice is hereby given that on Saturday, the 8th day of April, 1967, an election will be held at Emmons Grade School, in School District No. 33 of the County of Lake and the State of Illinois, for the purpose of electing a school director of said school district for the full term.

For the purpose of this election, the school district shall constitute one precinct and the polling place therein shall be at Emmons Grade School multi-purpose room. The polls shall be opened at 12:00 o'clock P.M. and closed at 7:00 o'clock P.M. the same day.

(A caucus will be held at the polling place immediately before the opening of the polls for the purpose of nominating a candidate for school director, 11:00 A.M. to 12:00 noon.)

By order of the School Board of said District,
Dated this 14th day of March, 1967.

we care

vision has made america great

Men of vision and dedicated people have made America the industrial, manufacturing, and retailing leader of the world.

Take our founder as an example.

More than a century ago, he envisioned a new concept of efficient, low-cost mass food distribution. This concept set the stage for the development of today's modern A&P and for today's entire food retailing industry.

Similar vision characterizes the current management of A&P:

Men who recognize the cost-saving potential of computerized warehousing and ordering.

Men who are applying practical automation to manufacturing facilities.

Men who are relocating distribution centers to take advantage of modern transportation and roads.

Men who are constantly on the lookout for better, more efficient methods of food handling.

Men who are, as always, dedicated to the basic concept of our founder:
**TO BRING THE MOST GOOD FOOD, TO THE MOST PEOPLE,
FOR THE LEAST AMOUNT OF MONEY.**

Sequoits Lose To N. Chicago

The Antioch Sequoits' first trip to the Arlington Section ended in defeat, but North Chicago had to play their best to win, 68 to 59.

The Sequoits gave all they had, never letting down and working till the last second of the game. Always able to come up with the big play, the Sequoits just couldn't get the big breaks.

"Two things really hurt us," Coach Andrews said, after the game. "The baskets at the end of the second and third quarters and we gave them too many fast break baskets. Without these, the game could have been ours."

"You bet I'm proud of them," Andrews said. "This is the finest team I've had and they did all a coach could ask of them."

The game was close throughout. In the first half the score was tied four times and the lead changed hands eight times. The first quarter ended with North Chicago leading, 17-14, as each team

played hard but cautious basketball.

In the second quarter, North Chicago started out as if to really open the game up. With 6:38 to go, the Warhawks lead 22-17. For the next three minutes, Antioch played good basketball, outscoring North Chicago 9 to 2. With three minutes to go in the quarter, the Sequoits lead 26 to 24.

The Warhawks worked a couple of fast breaks and with 8 seconds to go, Woods of N.C. scored on a rebound to give the Warhawks a half time lead of 34-31.

The third quarter again was marked by tight defense, floor mistakes and cautious play as the two teams played even basketball. Again, with one second to go Woods dropped in a rebound shot to give North Chicago a five point lead at the end of the quarter.

In the fourth quarter, play picked up, but the Sequoits were still five points down with 5:05 left. Then Woods hit two baskets for the Warhawks and gave a 9-point lead.

With Walls playing his heart out, the team rallied some. With 3:22 to go, the Sequoits were still in the game and down 7 points, 61-54. But it was just not Antioch's night. North Chicago hung on to win 68-59.

Ty Walls ended a brilliant career in high school basketball Friday night, scoring 22 points even though handcuffed by four fouls early in the third quarter. "We could write a book on this boy's accomplishments, but let's just say he's been poetry in motion, brilliant and terrific," stated Coach Andrews.

Bruce Empfield lead the Sequoits in rebounds, with 17, and turned in a brilliant game. Antioch out-rebounded North Chicago, grabbing off 34 to the Warhawks' 25.

The Sequoits hit on 22 of 44 field goals for a percentage of 50%. N. C. made 29

baskets on 55 attempts for 56%.

Empfield scored 12 points in the game and Whitson 10. North Chicago's Woods lead all scorers with 26 points.

Singles Tourney Ends Saturday

The Singles Tournament at the Antioch Bowl ends Saturday night, March 18, with the last squad expected to go on the alley at 2 a.m. Sunday.

Proprietor Jack Sampayo says 1,800 bowlers will probably have completed by the time the tourney ends. To date, about 1,300 entries have bowled.

As of Sunday night, local talent was high on the board for both the men's and women's division. Young Danny Matteoni lead the tourney for a while in the Men's division with a 699, until Bob Steiskal, also a local bowler, rolled a 709 Sunday night.

Monday, Fred Ceni of Zion posted the high series to date with a 737. Fred bowled 692 scratch and had a 45-pin handicap.

Steiskal, now in second place with 709, and Dan Matteoni's third-place 699 are followed by Sarge Casella of the Chicago Classic, 684; Gino Pichetti, 681 and Dennis Swanson (the Johnny King of Antioch) 676.

Glen Jobey of Round Lake

has the high singles game in the tourney to date, a 257, followed by Wally Weiss' 249.

In the Women's division, Claire Harms' 675 series is still high on the board, followed by Charmaine Schlenz with 651. Both are Antioch bowlers.

Some of those who are signed up to bowl on the last day of the tournament (Mar. 18) are Ron Wheeler of Delavan, Wis., from the Milwaukee Classic league; Norm Kilmer of the Chicago Classic; at 5 p.m., Art Johnson, former manager of George Diamond's; at 6 p.m., the Huspen brothers of the Chicago Classic; at 8 p.m., Bob Kennedy of Waukegan; at 8 p.m., Pete Matteoni and his family will try again; at 8:20 p.m., a group from the Wauconda Bowl; at 8:40 p.m., Willey Cox, who was crowned as Mr. Bowler at the A.B.C. in Miami last week; at 9:20 p.m., Chubby Brown of Bertrand Lanes with a group of Waukegan bowlers; at 11 p.m., local talent, Joe Sternbenz, Bob Kraft, Don Mentone and Gino Pichetti; at 11:20 p.m., Carl Berger and Sarg Casella will try again.

Meeting For Little League March 20th

The first meeting of the season for the Little League will be held at 7:30 p.m. Monday, March 20, at the Scout House in Antioch.

Plans for the coming year and any questions concerning Little League will be discussed. All parents and prospective coaches or managers are invited.

Registration for Little League, Babe Ruth League and minor league will take place on April 1 and 2 at the Scout House, from 1 p.m. to 4 p.m. Registration fee is \$4.00 for the Little League and \$8.00 for the Babe Ruth League.

Dates for tryouts will be published later.

Ray Meyer, Athletic Director and varsity basketball coach at De Paul University, will be the featured speaker at the athletic banquet at Antioch High School next Monday.

Banquet To Honor Athletes

The 26th Annual Lions Club Athletic Banquet will be held in the High School cafeteria next Monday, March 20, with the high school's athletes as guests of the Lions.

Fathers or other male relatives of the athletes will also attend the banquet, in addition to the coaches, cheerleaders and Lions Club officials.

The graduating senior athletes are being given an individual award by the Lions this year. Each year, a trophy is given to the Outstanding Athlete at the banquet.

Guest speaker for the evening will be Ray Meyer, Athletic Director and Varsity Basketball Coach at DePaul University.

Meyer is now in his 25th year at the North Side University. During the week of Feb. 6, DePaul won their 400th game under Ray's skillful handling. Meyer is also known for having developed the first big man in basketball, George Mikan played and developed under Mr. Meyer.

Meyer was selected as coach of the year in 1943, '44, '48 and '52 by the Chicago Basketball Writers Association.

Honored guests at the banquet, in addition to the athletes, will be Dr. W. C. Petty, County Superintendent of Schools, and members of the High School Board of Education.

Reimers Ready With All-New A-3 Modified

When the Waukegan Speedway kicks off the local auto racing season on Saturday night, April 15, John Reimers will be seeking an unprecedented fifth straight driving title at the west-side oval, this season behind the wheel of a radically new, low-slung modified coupe stock car racer.

The familiar maroon No. A3 sedan-type stock car that carried the popular Caledonia speed merchant to his past three Waukegan modified titles is presently up for sale by owner Fred Nielsen, of Lake Villa. In three seasons of competition, this modified stock car won over 60 features at various area speedways, set fast qualifying time more than 100 times and smashed track records at most of the tracks where it competed. . . . always with Reimers at the controls.

An even more ominous speed chariot has been created in Nielsen's garage behind locked doors and covered windows. With the security of a missile test site, Nielsen and his six-man A3 racing team have labored since September 6th on this top secret project.

The new car follows the pattern of its predecessors with the number A3 stamped in gold upon a maroon body and the latest fuel-injected Chevrolet engine is under the hood . . . but there the similarities stop. From the new concepts in suspension, front and rear, to the chrome plated collector exhaust tubes, to the low silhouette of the car, this No. A3 is different.

Built like a super-modified, so popular in the Ohio and California regions, the car was then carefully tailored to fit within the rules of the four area tracks where it expects to compete (higher safety and construction standards required).

When asked about goals for the 1967 season, Nielsen said, "Besides wanting to win the track championships wherever we compete, we'd like most to break the long standing Hales Corners' one lap record plus trim about 30/100 of a second off the Waukegan one lap record held by Reimer at 15.98, set August 28, 1966."

Reimer chalked up 13 wins plus seven fast qualifying times last season at Waukegan. This year he'll have

to contend with the likes of Jim Ouillette, Claud Potter, Milt Curcio, Bill Bohn, Roger Otto and Duane Harris.

Waukegan Speedway will open its stock car season on Saturday night, April 15th, with both late model and modified racing—scheduled. Additional Saturday night combination programs are set for April 22 and 29.

Reservoir Pays Off

The Carlyle Reservoir is paying off. Last year anglers caught about 30,000 pounds of fish in the lake and below the dam, the Illinois Department of Conservation has reported.

According to information gathered by Bill Fritz, reservoir biologist for the Division of Fisheries, over 13,000 persons fished the lake between late April and November of 1966.

The lake was created by a dam across the Kaskaskia River. The major part of the reservoir is in Clinton County near the city of Carlyle, with the upper arms extending into Bond and Fayette Counties. This is the first large flood control project built in Illinois by the U. S. Corps of Engineers.

The main dam was completed in February 1966 and about 5,000 acres were flooded. This year the water area will be increased to 10,000 acres. In 1969 the lake will reach its normal summer pool stage of 26,000 acres when another dam is built across the Kaskaskia, 113 miles upstream near Shelbyville.

CONSERVATION CONVICTIONS REPORTED

Last year was a busy one for Illinois Conservation Department officers. They obtained 5,397 convictions for violations of game, fish and boating regulations and state park rules. The number of convictions was 2,089 higher in 1966 than in 1965. Fines paid totaled \$70,719.

Violations of the Game Code accounted for almost half of the convictions. There were 1,143 convictions for disregarding fishing laws, 1,693 for boating violations and 56 for ignoring state park rules.

News of Lakes Sports

THURSDAY, MARCH 16, 1967 THE ANTIOCH NEWS 7

Ice fishing has its thrills. Jules De Lattre, Antioch, caught this 5½ lb. bass last Saturday in East Loon Lake.

Big Bass Takes Bait

The big fish are still there if you know how to fish for them. So says Jules De Lattre of Antioch. And he has the fish to prove it.

Jules caught a 5½ pound bass, 21½ inches long, at

Loon Lake last Saturday about 1 p.m. He had hooked the big fish briefly the day before, but his hook was too small and he lost it.

Saturday he returned with a larger hook, baited with a night crawler. This time, the big fish didn't get away. And now, Jules has a picture to prove his catch.

Champaign Cage Finals In Color This Year

When play in the Illinois High School Basketball Tournament gets down to the last big games, every sports fan in Illinois will be able to watch—even though tickets to the University of Illinois Assembly Hall are as scarce as love letters to referees.

For the 16th consecutive year, Illinois Bell Telephone will sponsor television of the semi-final and final games Saturday afternoon and evening, March 18. In addition, quarter-final games to be played Friday evening, March 17, also will be televised, sponsored by Western Electric.

And this year, for the first time, the tournament telecast will be in color. The games will be carried on a 13-station statewide network, with WGN-TV (Channel 9) the Chicago outlet.

At the mike again this year—as he has been for all but one of the 16 tournament telecasts—will be famed sportscaster Jack Drees.

What brings Drees, one of the nation's outstanding sportscasters, back to Illinois every year for the high school tournament? "There's nothing in sports that compares with it," he says. "It's athletics in its purest form—just a bunch of kids who grew up together in the same neighborhood in what has to be the biggest game of their young lives."

Helping Drees bring the

tournament to some 2½ million fans around the state will be two other top-flight announcers, Bob Starr, of WBZ radio and television, Boston; and Jim Bolen, of KMOX-TV, St. Louis. Backing them up will be a television crew of more than 50 men, with eight color cameras and two vans.

The Friday quarter-finals will start at noon and 7 p.m. On Saturday, the semi-finals start at noon, and the finals at 7 p.m.

Thursday, March 9
Knutson Engr. squeezed out two wins over the Channel Lake Texaco team to keep pace with the leaders. T. Deutche 203-513.

J. Hallwas with a 227-5563 lead the Brave Bull team to a triple win over the Wayside Inn.

Beauti-Vue Products finally got back on the win side with a double win over Quaker Inn.

Ted's State Line stayed in contention with two victories over the Pederson Implement team. W. Streckfuss high with 187-543.

Reid's Trucking made it 9 in a row with three wins over the Lil & Ed's team.

Local Lions Score In Tourney

Local Lions made a good showing in the District 1 F Lions bowling tournament held at Bertrand's Lanes in Waukegan.

The Antioch Lions Club had 4 men's teams entered in the tourney and 17 Antioch women bowled in the women's singles. Three of the local teams placed in the competition and Beverly Reckers took 7th place for the women.

The Antioch team captained by Dr. C. M. Solar took first place with a 3,003 score; a team captained by Pres Rockers took second place, and another Antioch team with Elmer Eberman as captain took 8th.

Both Robert Wilton and Elroy Anderson took honors for high scoring. Bob rolled the High Individual game of

the tournament, a 248, and will receive a trophy. Elroy rolled the High Scratch series, a 630, and will also receive a trophy. The competition included teams from all of Northern Illinois. About 80 teams were entered in the tournament.

Palm Sunday is almost here, and some of the students at St. Peter's School help Father Alfred Henderson get the palms ready. The palms will be blessed at 7:50 a.m. Sunday and distributed to the people at the later Masses. Left to right, Father Henderson, Carol Seitz and Robert Gross.

Music Center To Test Piano Students

The Music Center of Lake County has been established as a piano examination center for the National Guild of Piano Teachers and will hold Guild audition exams May 4, 5, 6, Robert Christensen, Director, said today.

The National Guild of Piano Teachers is an organization composed of piano instructors interested in achieving a high level of piano instruction throughout the country. Each year, the Guild, headquartered in Austin, Texas, sends an internationally renowned piano examiner to examination centers throughout the United States to administer piano examinations to students. These tests are a way of assuring good teaching, balanced repertoire, good technique and a check of the students' progress on a yearly basis, said Mr. Christensen. The Guild examines some 60,000 students yearly, 55,000

of which are studying music for their own pleasure, with no intentions of becoming professional musicians but who want good quality instruction.

The National organization also co-sponsors other activities such as the Van Cliburn International Piano Competition.

The Music Center was established as an examination center in an effort to help achieve a high caliber piano instruction in Lake County.

Area piano teachers who would like their students examined by a National Guild adjudicator are asked to contact the Music Center of Lake County, 1917 N. Sheridan Road, Bowen Park, Waukegan (Telephone: 244-4270) no later than March 23rd.

Gwyn Brockway Cantelo, a member of the faculty of the Music Center, has been appointed chairman of the three-day examination per-

iod. She said that Dr. Walter Robert will be this year's adjudicator for Lake County. Dr. Robert, who received most of his training in Austria is Professor of Piano, School of Music, Indiana University. He has performed in many major cities throughout the world and has accompanied some of the leading solo artists of this country. As well, he has recorded for Columbia and R.C.A. Victor records and has taught at the Henry Street Settlement (New York), North Texas State College, and the Conservatory of Music, Italy, as an exchange Professor under the Fulbright-Hays Act.

HANDSOME HAM LOAF

It's pretty enough for a party, a ham loaf mixture that's been packed into a pan to top pineapple rings or halves.

For the mixture, used 2 pounds ground, smoked ham, 1 pound pork sausage, 1 cup dried bread crumbs, 2 eggs, 2/3 cup milk, 1/4 teaspoon salt. This mixture should be baked in a moderate oven (350°F.) 1 1/2 hours. It yields 8 servings.

Red Cross Aids Victims Of Floods & Tornadoes

Local American Red Cross offices will accept contributions for assistance of victims of floods in the Appalachian Mountains and along the Ohio River and the tornado hit towns in Alabama and Arkansas, according to Leo H. Schoenhofen, chairman of Red Cross Mid-America Chapter.

In the wake of storms and flash floods which drove more than 5500 families from their homes in Kentucky, Tennessee, Virginia, West Virginia, and Pennsylvania, hundreds of Red Cross volunteers and 49 Red Cross disaster staff experts opened shelters and rushed relief supplies into the affected areas.

A thousand pounds of food supplied by Red Cross was air-dropped by the West Virginia National Guard to the flood isolated town of Glenville, and Red Cross shelters have been opened in the West Virginia towns of Weston, Williamson, Glenville, Logan and Clarksburg. "This looks like it's going to be an extensive operation," Schoenhofen said, "and Red Cross coffers have already

been badly depleted in three years of record-breaking disaster expenditures. Citizens who wish to help these disaster victims may do so by sending cash contributions to the Red Cross."

Other Red Cross flood relief operations have been opened in Pennsylvania along the Monongahela River, where 1200 families are being assisted. At least 500 families are in shelters in six Kentucky counties, as well as towns in Virginia and Tennessee. Meanwhile, other Red Cross disaster experts are aiding tornado victims in Alabama and Arkansas. Heavy snows throughout the east and rains in the Appalachians threaten to increase the flood menace.

MACARONI & CHEESE WITH FLAVOR ADDED

For a change, why not add to your macaroni casserole by adding to it 2 jars or packages (2 1/2 oz. each) of dried beef or 1 can (12 ounces) of luncheon meat, cut in strips? Catch the eye with sliced green stuffed olives placed in spokes like a wheel across the top.

Sequoits Lose To N. Chicago

The Antioch Sequoits' first trip to the Arlington Section ended in defeat, but North Chicago had to play their best to win, 68 to 59.

The Sequoits gave all they had, never letting down and working till the last second of the game. Always able to come up with the big play, the Sequoits just couldn't get the big breaks.

"Two things really hurt us," Coach Andrews said, after the game. "The baskets at the end of the second and third quarters and we gave them too many fast break baskets. Without these, the game could have been ours."

"You bet I'm proud of them," Andrews said. "This is the finest team I've had and they did all a coach could ask of them."

The game was close throughout. In the first half the score was tied four times and the lead changed hands eight times. The first quarter ended with North Chicago leading, 17-14, as each team

played hard but cautious basketball.

In the second quarter, North Chicago started out as if to really open the game up. With 6:38 to go, the Warhawks lead 22-17. For the next three minutes, Antioch played good basketball, outscoring North Chicago 9 to 2. With three minutes to go in the quarter, the Sequoits lead 26 to 24.

The Warhawks worked a couple of fast breaks and with 8 seconds to go, Woods of N.C. scored on a rebound to give the Warhawks a half time lead of 34-31.

The third quarter again was marked by tight defense, floor mistakes and cautious play as the two teams played even basketball. Again, with one second to go Woods dropped in a rebound shot to give North Chicago a five point lead at the end of the quarter.

In the fourth quarter, play picked up, but the Sequoits were still five points down with 5:05 left. Then Woods hit two baskets for the Warhawks and gave a 9-point lead.

With Walls playing his heart out, the team rallied some. With 3:22 to go, the Sequoits were still in the game and down 7 points, 61-54. But it was just not Antioch's night. North Chicago hung on to win 68-59.

Ty Walls ended a brilliant career in high school basketball Friday night, scoring 22 points even though handcuffed by four fouls early in the third quarter. "We could write a book on this boy's accomplishments, but let's just say he's been poetry in motion, brilliant and terrific," stated Coach Andrews.

Bruce Empfield lead the Sequoits in rebounds, with 17, and turned in a brilliant game. Antioch out-rebounded North Chicago, grabbing off 34 to the Warhawks' 25. The Sequoits hit on 22 of 44 field goals for a percentage of 50%. N. C. made 29

baskets on 55 attempts for 56%. Empfield scored 12 points in the game and Whitson 10. North Chicago's Woods lead all scorers with 26 points.

Singles Tourney Ends Saturday

The Singles Tournament at the Antioch Bowl ends Saturday night, March 18, with the last squad expected to go on the alley at 2 a.m. Sunday.

Proprietor Jack Sampayo says 1,800 bowlers will probably have completed by the time the tourney ends. To date, about 1,300 entries have bowled.

As of Sunday night, local talent was high on the board for both the men's and women's division. Young Danny Matteoni lead the tourney for a while in the Men's division with a 699, until Bob Steiskal, also a local bowler, rolled a 709 Sunday night.

Monday, Fred Ceni of Zion posted the high series to date with a 737. Fred bowled 692 scratch and had a 45-pin handicap.

Steiskal, now in second place with 709, and Dan Matteoni's third-place 699 are followed by Sarge Casella of the Chicago Classic, 684; Gino Pichetti, 681 and Dennis Swanson (the Johnny King of Antioch) 676.

Glen Jobey of Round Lake

has the high singles game in the tourney to date, a 257, followed by Wally Weiss' 249.

In the Women's division, Claire Harms' 675 series is still high on the board, followed by Charmaine Schlenz with 651. Both are Antioch bowlers.

Some of those who are signed up to bowl on the last day of the tournament (Mar. 18) are Ron Wheeler of Delavan, Wis., from the Milwaukee Classic league; Norm Kilmer of the Chicago Classic; at 5 p.m., Art Johnson, former manager of George Diamond's; at 6 p.m., the Hussen brothers of the Chicago Classic; at 8 p.m., Bob Kennedy of Waukegan; at 8 p.m., Pete Matteoni and his family will try again; at 8:20 p.m., a group from the Wauconda Bowl; at 8:40 p.m., Whitley Cox, who was crowned as Mr. Bowler at the A.B.C. in Miami last week; at 9:20 p.m., Chubby Brown of Bertrand Lanes with a group of Waukegan bowlers; at 11 p.m., local talent, Joe Sternbenz, Bob Kraft, Don Mentone and Gino Pichetti; at 11:20 p.m., Carl Berger and Sarg Casella will try again.

News of Lakes Sports

THURSDAY, MARCH 16, 1967 THE ANTIOCH NEWS 7

Ice fishing has its thrills. Jules De Latre, Antioch, caught this 5 1/2 lb. bass last Saturday in East Loon Lake.

Big Bass Takes Bait

The big fish are still there if you know how to fish for them. So says Jules De Latre of Antioch. And he has the fish to prove it.

Jules caught a 5 1/2 pound bass, 21 1/2 inches long, at

Loon Lake last Saturday about 1 p.m. He had hooked the big fish briefly the day before, but his hoop was too small and he lost it.

Saturday he returned with a larger hook, baited with a night crawler. This time, the big fish didn't get away. And now, Jules has a picture to prove his catch.

Champaign Cage Finals In Color This Year

When play in the Illinois High School Basketball Tournament gets down to the last big games, every sports fan in Illinois will be able to watch—even though tickets to the University of Illinois Assembly Hall are as scarce as love letters to referees.

For the 16th consecutive year, Illinois Bell Telephone will sponsor television of the semi-final and final games Saturday afternoon and evening, March 18. In addition, quarter-final games to be played Friday evening, March 17, also will be televised, sponsored by Western Electric.

And this year, for the first time, the tournament telecast will be in color. The games will be carried on a 13-station statewide network, with WGN-TV (Channel 9) the Chicago outlet.

At the mike again this year—as he has been for all but one of the 16 tournament telecasts—will be famed sportscaster Jack Drees.

What brings Drees, one of the nation's outstanding sportscasters, back to Illinois every year for the high school tournament? "There's nothing in sports that compares with it," he says. "It's athletics—in its purest form—just a bunch of kids who grew up together in the same neighborhood in what has to be the biggest game of their young lives."

Helping Drees bring the

tournament to some 2 1/2 million fans around the state will be two other top-flight announcers, Bob Starr, of WBZ radio and television, Boston; and Jim Bolen, of KMOX-TV, St. Louis. Backing them up will be a television crew of more than 50 men, with eight color cameras and two vans.

The Friday quarter-finals will start at noon and 7 p.m. On Saturday, the semi-finals start at noon, and the finals at 7 p.m.

BOWLING

Chain O' Lakes Mixed

Wednesday, March 8
High team series: Haling's Resort, 2354; Jim's "66" Service, 2346; Antioch Savings & Loan 2289.

High scorers: Erich Lubke-man 550; Chuck Moran 538; Phil Vos 511.

Haling's Resort 3; Antioch Foods 0. Antioch Savings & Loan 2; Cernak Realty 1. Meinersmann Ins. 2; Ben Franklin 1. Jim's "66" Service 3; Antioch V&S Hardware 3; Rural Carbonic Co. 3; Grass Lake Lumber 0. Hitts and Mrs. 2; Circle 4 Riding Stable 1.

Bi-State Commercial

Thursday, March 9
Knutson Engr. squeezed out two wins over the Channel Lake Texaco team to keep pace with the leaders, T. Deutch 203-513.

J. Hallwas with a 227-5563 lead the Brave Bull team to a triple win over the Wayside Inn.

Beauti-Vue Products finally got back on the win side with a double win over Quaker Ind.

Ted's State Line stayed in contention with two victories over the Pedersen Implement team, W. Streckfuss high with 187-543.

Reid's Trucking made it 9 in a row with three wins over the Lil & Ed's team.

Local Lions Score In Tourney

Local Lions made a good showing in the District 1 F Lions bowling tournament held at Bertrand's Lanes in Waukegan.

The Antioch Lions Club had 4 men's teams entered in the tourney and 17 Antioch women bowled in the women's singles. Three of the local teams placed in the competition and Beverly Reckers took 7th place for the women.

The Antioch team captained by Dr. C. M. Solar took first place with a 3,003 score; a team captained by Pres Reckers took second place, and another Antioch team with Elmer Eberman as captain took 8th.

Both Robert Wilton and ElRoy Anderson took honors for high scoring. Bob rolled the High Individual game of

the tournament, a 248, and will receive a trophy. ElRoy rolled the High Scratch series, a 630, and will also receive a trophy. The competition included teams from all of Northern Illinois. About 80 teams were entered in the tournament.

Pinspotters League Friday, March 3

High team series: Willow Park, 699-803-747-2240. High scorer: Mary Deror (Willow Park), 154-210-171-535.

Volo Bait Shop 2; Johnson's 4th Lake Resort 1. One Hour Martinizers 3; Herb's Taru Club 0. Reeves Drugs 2; Evie's Grill 1. Quaker Ind. 2; ServiSoft 1. Gefco Mfg. Co. 2; Lake Villa Pharmacy 1. Willow Park 2; Barnstable Dept. Store 1. Fox Lake Meister Brau 2; Bristol Oaks Golf Club 1.

The hair coloring industry estimates that 38 per cent of all American women color their hair.

Meeting For Little League March 20th

The first meeting of the season for the Little League will be held at 7:30 p.m. Monday, March 20, at the Scout House in Antioch.

Plans for the coming year and any questions concerning Little League will be discussed. All parents and prospective coaches or managers are invited.

Registration for Little League, Babe Ruth League and minor league will take place on April 1 and 2 at the Scout House from 1 p.m. to 4 p.m. Registration fee is \$4.00 for the Little League and \$8.00 for the Babe Ruth League.

Dates for tryouts will be published later.

Ray Meyer, Athletic Director and varsity basketball coach at De Paul University, will be the featured speaker at the athletic banquet at Antioch High School next Monday.

Banquet To Honor Athletes

The 26th Annual Lions Club Athletic Banquet will be held in the High School cafeteria next Monday, March 20, with the high school's athletes as guests of the Lions.

Fathers or other male relatives of the athletes will also attend the banquet, in addition to the coaches, cheerleaders and Lions Club officials.

The graduating senior athletes are being given an individual award by the Lions this year. Each year, a trophy is given to the Outstanding Athlete at the banquet.

Guest speaker for the evening will be Ray Meyer, Athletic Director and Varsity Basketball Coach at DePaul University.

Meyer is now in his 25th year at the North Side University. During the week of Feb. 6, DePaul won their 400th game under Ray's skillful handling. Meyer is also known for having developed the first big man in basketball. George Mikan played and developed under Mr. Meyer.

Meyer was selected as coach of the year in 1943, '44, '48 and '52 by the Chicago Basketball Writers Association.

Honored guests at the banquet, in addition to the athletes, will be Dr. W. C. Petty, County Superintendent of Schools, and members of the High School Board of Education.

Reimers Ready With All-New A-3 Modified

When the Waukegan Speedway kicks off the local auto racing season on Saturday night, April 15, John Reimers will be seeking an unprecedented fifth straight driving title at the west-side oval, this season behind the wheel of a radically new, low-slung modified coupe stock car racer.

The familiar maroon No. A3 sedan-type stock car that carried the popular Caledonia speed merchant to his past three Waukegan modified titles is presently up for sale by owner Fred Nielsen, of Lake Villa. In three seasons of competition, this modified stock car won over 60 features at various area speedways, set fast qualifying time more than 100 times and smashed track records at most of the tracks where it competed. . . . always with Reimers at the controls.

An even more ominous speed chariot has been created in Nielsen's garage behind locked doors and covered windows. With the security of a missile test site, Nielsen and his six-man A3 racing team have labored since September 6th on this top secret project.

The new car follows the pattern of its predecessors with the number A3 stamped in gold upon a maroon body and the latest fuel-injected Chevrolet engine is under the hood . . . but there the similarities stop. From the new concepts in suspension, front and rear, to the chrome plated collector exhaust tubes, to the low silhouette of the car, this No. A3 is different.

Built like a super-modified, so popular in the Ohio and California regions, the car was then carefully tailored to fit within the rules of the four area tracks where it expects to compete (higher safety and construction standards required).

When asked about goals for the 1967 season, Nielsen said, "Besides wanting to win the track championships wherever we compete, we'd like most to break the long standing Hales Corners' one lap record—plus trim about 30/100 of a second off the Waukegan one lap record (held by Reimer at 15.98, set August 28, 1966)."

Reimer chalked up 13 wins plus seven fast qualifying times last season at Waukegan. This year he'll have

to contend with the likes of Jim Oullette, Claud Potter, Milt Curcio, Bill Bohn, Roger Otto and Duane Harris.

Waukegan Speedway will open its stock car season on Saturday night, April 15th, with both late model and modified racing scheduled. Additional Saturday night combination programs are set for April 22 and 29.

Reservoir Pays Off

The Carlyle Reservoir is paying off. Last year anglers caught about 30,000 pounds of fish in the lake and below the dam, the Illinois Department of Conservation has reported.

According to information gathered by Bill Fritz, reservoir biologist for the Division of Fisheries, over 13,000 persons fished the lake between late April and November of 1966.

The lake was created by a dam across the Kaskaskia River. The major part of the reservoir is in Clinton County near the city of Carlyle, with the upper arms extending into Bond and Fayette Counties. This is the first large flood control project built in Illinois by the U. S. Corps of Engineers.

The main dam was completed in February 1966 and about 5,000 acres were flooded. This year the water area will be increased to 10,000 acres. In 1969 the lake will reach its normal summer pool stage of 26,000 acres when another dam is built across the Kaskaskia, 113 miles upstream near Shelbyville.

CONSERVATION CONVICTIONS REPORTED

Last year was a busy one for Illinois Conservation Department officers. They obtained 5,397 convictions for violations of game, fish and boating regulations and state park rules. The number of convictions was 2,089 higher in 1966 than in 1965. Fines paid totaled \$70,719.

Violations of the Game Code accounted for almost half of the convictions. There were 1,143 convictions for disregarding fishing laws, 1,683 for boating violations and 56 for ignoring state park rules.

Palm Sunday is almost here, and some of the students at St. Peter's School help Father Alfred Henderson get the palms ready. The palms will be blessed at 7:50 a.m. Sunday and distributed to the people at the later Masses. Left to right, Father Henderson, Carol Seitz and Robert Gross.

Music Center To Test Piano Students

The Music Center of Lake County has been established as a piano examination center for the National Guild of Piano Teachers and will hold Guild audition exams May 4, 5, 6, Robert Christensen, Director, said today.

The National Guild of Piano Teachers is an organization composed of piano instructors interested in achieving a high level of piano instruction throughout the country. Each year, the Guild, headquartered in Austin, Texas, sends an internationally renowned piano examiner to examination centers throughout the United States to administer piano examinations to students. These tests are a way of assuring good teaching, balanced repertoire, good technique and a check of the students' progress on a yearly basis, said Mr. Christensen. The Guild examines some 60,000 students yearly, 55,000

of which are studying music for their own pleasure, with no intentions of becoming professional musicians but who want good quality instruction.

The National organization also co-sponsors other activities such as the Van Cliburn International Piano Competition.

The Music Center was established as an examination center in an effort to help achieve a high caliber piano instruction in Lake County.

Area piano teachers who would like their students examined by a National Guild adjudicator are asked to contact the Music Center of Lake County, 1917 N. Sheridan Road, Bowen Park, Waukegan (Telephone: 244-4270) no later than March 23rd.

Gwyn Brockway Cantelo, a member of the faculty of the Music Center, has been appointed chairman of the three-day examination per-

iod. She said that Dr. Walter Robert will be this year's adjudicator for Lake County. Dr. Robert, who received most of his training in Austria is Professor of Piano, School of Music, Indiana University. He has performed in many major cities throughout the world and has accompanied some of the leading solo artists of this country. As well, he has recorded for Columbia and R.C.A. Victor records and has taught at the Henry Street Settlement (New York), North Texas State College, and the Conservatory of Music, Italy, as an exchange Professor under the Fulbright-Hays Act.

HANDSOME HAM LOAF

It's pretty enough for a party, a ham loaf mixture that's been packed into a pan to top pineapple rings or halves.

For the mixture, used 2 pounds ground, smoked ham, 1 pound pork sausage, 1 cup dried bread crumbs, 2 eggs, 1/4 cup milk, 1/4 teaspoon salt. This mixture should be baked in a moderate oven (350°F.) 1 1/2 hours. It yields 8 servings.

Red Cross Aids Victims Of Floods & Tornadoes

Local American Red Cross offices will accept contributions for assistance of victims of floods in the Appalachian Mountains and along the Ohio River and the tornado hit towns in Alabama and Arkansas, according to Leo H. Schoenhofen, chairman of Red Cross Mid-America Chapter.

In the wake of storms and flash floods, which drove more than 5500 families from their homes in Kentucky, Tennessee, Virginia, West Virginia and Pennsylvania, hundreds of Red Cross volunteers and 49 Red Cross disaster staff experts opened shelters and rushed relief supplies into the affected areas.

A thousand pounds of food supplied by Red Cross was air-dropped by the West Virginia National Guard to the flood isolated town of Glenville, and Red Cross shelters have been opened in the West Virginia towns of Weston, Williamson, Glenville, Logan and Clarksburg. "This looks like it's going to be an extensive operation," Schoenhofen said, "and Red Cross coffers have already

been badly depleted in three years of record-breaking disaster expenditures. Citizens who wish to help these disaster victims may do so by sending cash contributions to the Red Cross."

Other Red Cross flood relief operations have been opened in Pennsylvania along the Monongahela River, where 1200 families are being assisted. At least 500 families are in shelters in six Kentucky counties, as well as towns in Virginia and Tennessee. Meanwhile, other Red Cross disaster experts are aiding tornado victims in Alabama and Arkansas. Heavy rains in the Appalachians threaten to increase the flood menace.

MACARONI & CHEESE WITH FLAVOR ADDED

For a change, why not add to your macaroni casserole by adding to it 2 jars or packages (2 1/2 oz. each) of dried beef or 1 can (12 ounces) of luncheon meat, cut in strips? Catch the eye with sliced green stuffed olives placed in spokes like a wheel across the top.

Returned Nurse Tells Of Viet Nam

Lt. Col. Dora M. Coover, a nurse in the U. S. Army, returned briefly to Antioch last week after a year in Viet Nam.

Col. Coover is not really an Antioch resident. However, during the past year overseas, her father has been staying with relatives, the Bernard DeVries, on Trevor Road. Mr. Coover makes his home with his daughter when she is in the States.

Col. Coover was the recipient of one of the packages sent by Antioch Post Office personnel to Antioch residents serving in Viet Nam. She was head nurse at the 67th Evacuation Hospital in Qui Nhon, and promptly turned the Kool Aid over to the hospital for the wounded and sick men.

On her return to Antioch, Col. Coover stopped at the Antioch Post Office to thank Postmaster Joe Wolf for the package sent her, and we had an opportunity to talk with her.

Kool Aid is much appreciated by the boys in Viet Nam, Col. Coover said, and by the hospital personnel. Badly wounded men have to be on a liquid diet sometimes, she said, and the Kool Aid is helpful in getting liquids into them. The unsweetened Kool Aid is used for those patients who can't have sugar.

Those boys who are in the hospital for long periods have much spare time on their hands, and all kinds of "busy" work are welcomed.

Crossword puzzles are at a premium. "So are jig saw puzzles, paint by number kits, and all the other time passers."

Col. Coover suggested small packets of dehydrated soup as a useful addition to overseas packages. The men in the field are grateful for these light, compact food-stuffs that they can carry with them.

Qui Nhon, where the 67th Evacuation Hospital is located, is about 250 miles north-east of Saigon. It is a 400-bed hospital, built of pre-stressed concrete.

Sometimes the hospital is full; sometimes there are brief periods when the patients are few. Wounded men are brought directly to the hospital from the battlefield by helicopter. "The lives of many injured men are saved now because of the speed with which we get them," Col. Coover said. "Also, there are far less amputees, because of advanced vascular surgery and the speed in getting injured men to the hospital."

Col. Coover should know. She served in World War II and in Korea. In World War II she served in Australia, New Guinea, Black and Leyte. In 1957-58 she was Nursing Adviser with the Military Assistance Group in Taiwan, Formosa. In 1962-63 she served in Korea.

The morale of our soldiers in Viet Nam is high, Col. Coover says. "No matter how badly they're wounded they

can always crack a joke," she said. "And unfailingly, when a group of wounded is brought in, you'll hear, 'I can wait. Take care of my buddy there.'"

The climate is, indeed, miserable, Col. Coover says. Winter is the rainy season, and mud is always with them. In summer, the temperature may go up to 120 degrees, and it is incredibly dusty. "You can't keep clean," she commented. "Wash your hair and drive down the road and you're covered with dust again."

The people are poor, illiterate and uneducated in any hygiene. This contributes to the high frequency of skin diseases. Every American group has some civic project going to promote the welfare of the natives, Col. Coover said. "The nurses at the hospital had recently taken up a collection to give to a colony of lepers so they could build a house for a leper family. 'They do all the work themselves,' she said.

There are no free schools, and few of the Vietnamese can read or write, she said. "The U.S. is trying to bring in teachers to train local people in teaching. 'They're very re-

ceptive to all efforts to help them with education and training in hygiene and health care," the Colonel said.

The military hospitals are not short of nurses, she commented. In fact, they have a waiting list of volunteers.

Col. Coover planned to leave Antioch Thursday for her new assignment at Fort Dix, New Jersey, where she will be chief nurse in the hospital. She found time in the short time here, to speak at the American Legion meeting Thursday night and tell the Legionnaires of the care given the wounded and sick in Viet Nam.

"Nursing in the army is an interesting life—I've seen a great many places I otherwise wouldn't have seen," she said.

Lindenhurst News

By Mrs. Bernice Bernau
Elliot 6-5649

Woman's Club News

Ted Flanagan, representing the Township Development Council, attended the Lindenhurst Woman's Club meeting last Thursday evening. He asked the ladies to fill in a questionnaire for a survey, to see how many for work and the pay they would want.

Five guests, Betty Halvorsen, Marie Anderson, Vivian Fidanzo, Linda Ladewig and Carol Allen were introduced. Lois Flanagan, Girl Scout chairman, announced that the Mother and Daughter banquet would be held Thursday, March 16. Members voted to give Troop 269 \$15 toward purchasing a Troop flag. The other \$10 needed would come from the sale of Girl Scout cookies. Anyone wanting to order cookies, may contact Mrs. Flanagan.

Jenny Volpentesta reported that the ladies who visited Great Lakes Hospital Feb. 17 distributed 51 bags of fresh fruit, containing 3 and 4 pieces each, cup cakes, coffee, 8 model car kits, 8 packages of five stamped envelopes and paper, and theatre tickets. They went thru 10 wards. A letter of thanks was received from the Red Cross and read at the meeting. An April 28 date has been set for the ladies to go again.

Members signed up to go to the Stage Stop in Wilmet, Wis., on April 13. That is the night of the regular meeting. They will meet and leave from the Civic Center at 6:15 p.m. Anyone who didn't sign up and wants to go, should call Rae Gibbons as soon as possible in order

To Hold Workshop For Teaching Deaf

New techniques for teaching multiple handicapped deaf children will hold the spotlight at a workshop Friday, March 17, at the Illinois School for the Deaf, Jacksonville.

Teachers in special education from throughout the state and nation have been invited to the all-day workshop, the culmination of a two day celebration marking the formal opening of two new buildings on the ISD campus.

Gov. Otto Kerner will officially dedicate the buildings—a laboratory school for preschool deaf children and youngsters with other handicaps and a new dining hall—at special ceremonies Thursday, March 16.

Six nationally recognized experts on education of the deaf will deliver papers at the Friday workshop. The keynote speech, "The Special Hearing Impaired Child," will be given by Frank R. Kleffner, Ph. D., director of the speech clinic at Central Institute for the Deaf in St. Louis and professor of speech pathology at Washington University

FTA Presents Special Education Program

A program dealing with the education of deaf children will be presented in the Antioch High School cafeteria this afternoon (Thursday). It will be open to the public. A special invitation is extended to faculty members, the administration, parents of handicapped children and students who are interested in this field.

The program is being presented by the association for the deaf children in Lake and McHenry counties. It is sponsored by the Future Teachers of America at ACIS.

A film strip and a short recording from the State Department regarding all areas of special education will be presented. Literature will be handed out pertaining to scholarships and colleges that are involved in the

field of Special Education.

The film will emphasize how deaf children learn and acquire the art of speaking. There will be a live demonstration by some of the deaf children from the Special Education District and a teacher from one of the classrooms of the deaf.

This program, given by this group of several high schools in the area, has persuaded many students to enter the field of Special Education. They have found that most high school students are unaware that deaf children can learn to talk.

The program is brought to Antioch High School through the efforts of Ron Dowell, principal of the Lakeview Elementary School in Grayslake.

Refreshments will be served at 3:30 p.m. in the cafeteria, preceding the meeting.

May Treat Birth Defects in Womb, March of Dimes Leaders Are Told

Progress during 1966 in diagnosing and treating the medical problems of babies before they are even born raised doctors' hopes for the prevention of many birth defects in the future.

"The womb is not the safe, secure haven psychiatrists would have us believe," says Dr. Jerold Lucey, associate professor of pediatrics at the University of Vermont College of Medicine.

Dr. Lucey, in reporting research progress to a recent meeting of National Foundation-March of Dimes volunteer leaders in the fight against birth defects, said:

"Obviously, hazards exist within the womb—otherwise we would not have 250,000 babies born with birth defects each year in the United States."

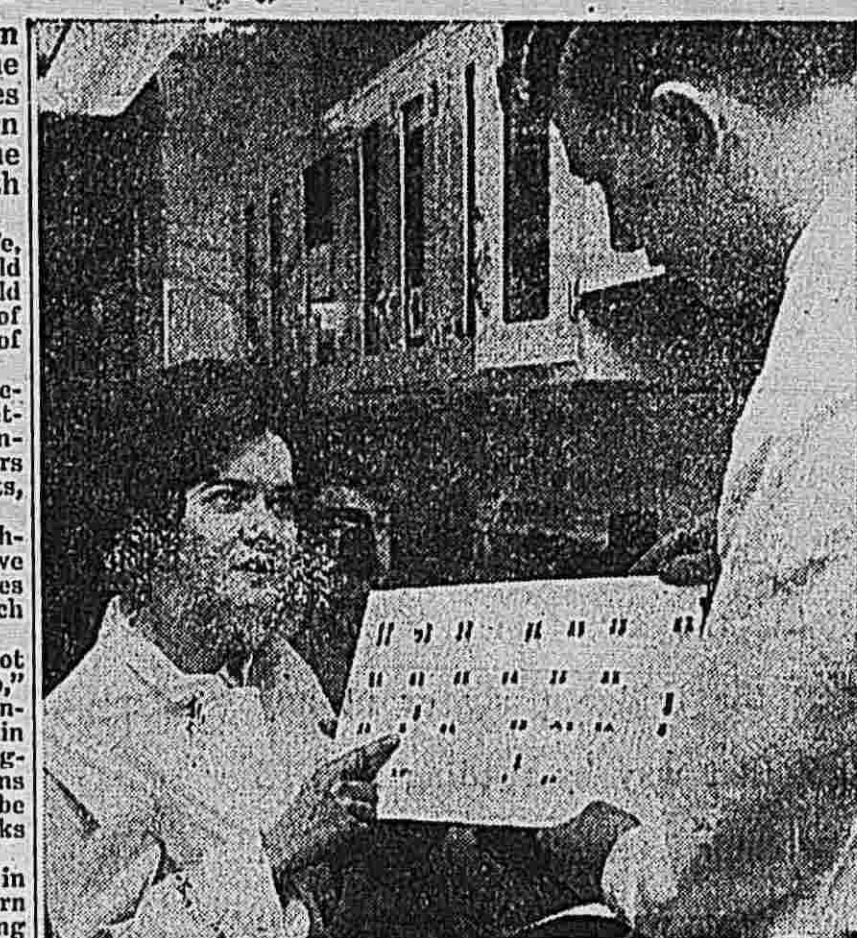

"It is a myth that we cannot study babies still in the womb," he says. "It is possible—and indeed, is already being done in some medical centers—to diagnose and treat some conditions of unborn babies. This can be done without prohibitive risks to either mother or child."

Dr. Lucey, who specializes in fetology, the study of the unborn infant, believes that increasing research will reveal many now-unknown facts about what is normal and what is abnormal in the environment of a baby during the nine months before birth.

Detection of some birth defects in the early months of pregnancy was described to March of Dimes volunteers by Dr. M. Neil Macintyre, associate professor of anatomy at Western Reserve University School of Medicine, Cleveland, Ohio. He said doctors are now able to test a mother's amniotic fluid, the liquid contained in the so-called "bag of waters" surrounding the unborn baby.

In this fluid are cells shed by the fetus. From cell cultures, scientists can study the infant's chromosomes—the tiny bundles of hereditary material in the cells of all living things. When abnormalities are detected in the chromosomes, diagnosis of certain defects such as mongolism is possible.

"However, this technique is not yet entirely safe and should be used only under special circumstances," Dr. Macintyre pointed out. Such a circumstance might be when a family history arouses suspicion of a hereditary condition.

Using a microphoto enlargement, technicians point out chromosomal irregularities which are often associated with serious birth defects. The accompanying story tells how this procedure can be used to detect some birth defects in early months of pregnancy.

As an example of successful treatment of a condition known before birth, Dr. Lucey cited techniques which are saving many "Rh babies." Rh blood incompatibility between mother and child can cause a form of anemia which may be fatal or cause serious mental or physical defects. A few years ago more than 2,000 babies were lost annually because of an Rh condition.

Today, when Rh problems are detected before birth, doctors can often give life-saving blood transfusions directly to the fetus through the mother's abdomen. Dr. Lucey estimates that approximately 30 to 50 per cent of the infants who would have died because of this one condition can now be saved.

Physicians believe that the time will come when the practicing fetal medicine will be able to treat many other dangerous conditions. In the near future a doctor may, for example, give

an unborn baby digitalis to strengthen a weak heartbeat.

When it is discovered that an unborn baby has an infection, it may be possible to identify the cause and treat it. Fetologists are already seriously studying the potentials of fetal surgery whereby specialists operate directly on the unborn child to correct a serious condition, then return it to the womb to await natural birth. This has been done successfully with animals for several years.

In many ways, the problems of birth defects have been likened to the problems of penetrating outer space. What seemed "way out" 10 years ago now seems very possible within the next decade. Through research such as that supported by the National Foundation—March of Dimes, scientists feel it may be possible to solve many problems of birth defects which now strike one American baby in 16.

Pat Parpan reported that she had 40 girls, 11 through 14 in her volleyball class at Hooper School on Monday night. They are divided into four teams and they each usually get a chance to play two games. Helping supervise are Helen Gilson, Dorothy Thompson, Shirley Thompson, and Mary Garcia.

Ten dollars was donated to the Red Cross from the Club. Sonja Lynch and Dolores Rogers were the birthday ladies.

New Neighbors

We welcome Mary and Ernest Garcia, 2113 Fairfield Rd. to the community this week. Ernest is a career Navy man and has served 19 years, and is looking forward to retiring next year. He is a Chief Radio man. He has been all over, Italy, Turkey, etc., and was aboard an ammunition ship in Vietnam for four years. They have four children, Kathy 12, Danny 10, Michael 9, and Mary 6.

They attend Hooper School. Mary is originally from Oklyn, New Jersey, and Ernest from Albuquerque, New Mexico. Mrs. Garcia has joined the Women's Club and is helping supervise the volleyball games at Hooper School on Monday nights.

Bridal Shower

A bridal shower was given at the Lake Villa Post Home last Sunday for Kathy Zank by her two aunts, Mrs. Barbara Fairweather and Mrs. Betty Lahendro of Chicago and by her sister-in-law, Mrs. Bonnie Zank of Milwaukee. Fifty-five ladies attended the shower, and later fifteen of the husbands joined them for supper.

Three weeks ago, a shower was held in Round Lake by three sisters-in-law-to-be. Twenty-five relatives and friends of the Erickson family attended. Kathy received many useful, beautiful gifts at both showers.

She and Clarence Erickson plan to be married April 8 at Prince of Peace Church. He is stationed at Ft. Hood, Texas.

UNICEF helps underdeveloped country meet the needs of their children.

Palm Sunday services at the Millburn Congregational Church Sunday, March 19: Church and Sunday School at 10 a.m. There will be only one service.

A Communion service and reception of members at Millburn Church on Maundy Thursday, March 23, at 8:00 p.m.

Easter Sunday there will be three services: 5:30 a.m. service and breakfast at 6:00 a.m. for those who have reservations, and services at 9:30 a.m. and 11 a.m. There will be no Sunday School on Easter Sunday.

The Devotional Study Group met at the home of Mrs. Caroline Whipple with 13 present. The next meeting will be at the home of Mrs. Harley Clark March 23 at 9 a.m.

The ladies had a very successful sewing day at the church last Tuesday.

Mr. and Mrs. John Edwards of Libertyville spent Sunday afternoon at the home of Mrs. Frank Edwards. Mrs. Frank Hauser spent a few days with Mr. and Mrs. Clarence Hauser at Paris Corners.

The Millburn Social Club will meet at Millburn Church Tuesday, March 21, at 7 p.m. Mr. and Mrs. Robert Smith of Libertyville spent Monday evening at the home of Mrs. Frank Edwards.

Salem Central Postpones Carnival

The carnival scheduled for March 18 has been postponed until April 22, according to Edward Stevens, music director at Salem Central High School. Conflicting events have made it impossible to prepare for the carnival as was scheduled.

However, interesting activities at the carnival are still in the making. There will be games, dances, bake and candy sale, and other features of a real carnival.

Township Government In Illinois

MEETING HEALTH AND WELFARE NEEDS: WHAT TOWNSHIPS DO

(This is the eighth in a series of articles explaining township government and its services.)

Are township governments destined to play an increasingly important role in the area of health and welfare?

One answer to that question is that townships are already more important than many people believe them to be.

Moreover, there are signs of stronger township activity in matters of health and welfare. And, there is a growing shift in political thinking that may very well return more governmental services to local governments, including townships.

What health and welfare functions do townships now perform? Welfare assistance has always been a primary township responsibility. Township administrations provide financial aid and counseling to needy township residents who are not otherwise provided for by state or county programs. They frequently handle needy and qualified transient cases

which become difficult to provide elsewhere. They perform as transmittal agencies to county or state welfare departments.

The township supervisor serves as supervisor of general assistance in his township. In downstate counties, where supervisors also serve on the county board, and where welfare assistance is directly co-ordinated with the county, the town supervisor is an ex-officio member of the county welfare board and oversees general assistance in his own township. In Cook County, where the county board is not made up of township supervisors, the township supervisor is in charge of general assistance in his township.

A typical appropriation for welfare relief in the township budgets vary from amounts of less than \$1,000 per year in some of the smaller rural townships to tens of thousands of dollars in our heavily populated urban townships. In the main, altogether the 1400 odd townships of Illinois expend more than \$16,000,000 per year for relief purposes. It is pretty big business.

In the areas of public health and sanitation, townships are now responsible for a variety of functions.

They oversee certain state and county health services. They are responsible for elimination and control of health hazards within township boundaries. This includes regulation of garbage dumping, control of noxious weeds and other hazardous conditions such as air or water pollution.

Because it is becoming an increasing problem in many communities, garbage disposal service is under study by a number of township governments. They view the possibilities of a township-coordinated garbage disposal program for both unincorporated areas and communities within townships.

In several Illinois townships water and sewage systems are maintained under township government administration. This usually exists where communities spring up but are not incorporated into villages, or where a group of villages find they can effectively and economically coordinate this service under townships. Obviously, where water and sewage systems are involved, townships then must control the health and sanitation requirements which accompany this service. Perhaps the more significant township health service areas are those which are now under development and expansion.

One of these is establishing township health boards to serve a group of communities inside township limit.

No matter what other governmental bodies may do, there continues to be a burden on local governments for complete, localized health and welfare services. Smaller cities and villages many times cannot provide full services. Counties, on the other hand, may be able to, but even they need local administration to assure good results. State health services have the county problem, but to a greater degree.

With federal health programs, total success can only be achieved only when local services are provided on a knowledgeable and efficient basis.

The need for increasing local health services will increase as state and federal programs expand. There is a strong movement under way to re-organize this activ-

ity under state and local government.

Many township officials contend that townships represent a properly sized population and geographic unit for the most efficient administration of health and welfare programs, no matter where such programs originate. These may be federal, state, county, inter-community or township plans.

Many townships which do not now have health boards are working on such projects. They anticipate the need to expand service facilities at local levels and to coordinate a multiplicity of programs which are in existence or are coming. This includes public health, home care service, local phases of medicare service, school health programs as well as mental health services.

When a variety of governmental units and other agencies become involved in programs such as these, some controversy is always likely to develop. Differences of opinion in theory or direction may exist in any given community. Although most community leaders agree that inter-community action is desirable, there is less agreement on the mechanics and administration of the programming.

Typical of this is the controversy regarding mental health programs. There is a recognized need to improve mental health services throughout the state. A state-federal program has been approved, which includes establishing mental health service districts within the state. These districts do not now conform to township boundaries, nor to any finalized boundaries. Controversy thus has developed whether or not township governments might assume responsibilities or administration of mental health programs on an inter-community basis.

In this area, as well as in others, township governments might very well be considered as the best regional administrative agency, based on availability and awareness of local needs. Township facilities and personnel already exist, and only need to be augmented. Otherwise, overlapping agencies enter the picture, creating confusion, inefficiencies and higher costs.

Planners of metropolitan area governments, who would like to eliminate township governments, say that townships do not provide enough services to the people. This is questionable criticism at

GOP Women To Tour Springfield

A two-day spring tour to Springfield, "Capital Caravan", is being planned for women by Mrs. John Wawirka, 12th District State Central Committeewoman, on April 18th and 19th.

Chartered buses will leave from three convenient locations in the district at 6:30 a.m. The tentative program includes:

Tuesday, April 18th: Sightseeing in historic Springfield.

Reception and dinner honoring all 12th District State Senators and Representatives and special guests Russell Arrington and Ralph Smith.

Wednesday, April 19th: Breakfast sponsored by 12th Congressional District Women's Republican Club. Attend Illinois State Senate session.

Attend Illinois State House session.

Chartered buses will return to the district by approximately 9 p.m. Wednesday evening.

All interested women are invited to join in this educational, enjoyable and economical spring vacation.

For choice of accommodations, reservations should be

made by Monday, March 20, with your county chairman: Lake — Mrs. Richard C. Reed, 927 Holly Court, Deerfield, Ill. 60014. Phone 945-3768.

best, but it becomes even more so when these people overlook the opportunities to make greater use of township government services. Health and welfare services certainly represent one such opportunity area. With adequate support, and with financial grants or allocations from the state or federal governments, townships are highly capable of providing better local health and welfare services, in addition to those which they already maintain.

This concept is not limited to health and welfare programs. Other services to the people are well provided by township governments, as will be outlined in the next article in this series.

The Law Serves You

STUDDIED SNOW TIRES BANNED IN ILLINOIS

Illinois is one of the 16 states of the United States which prohibit the use of

studded tires as a winter-driving safety measure.

A studded tire is one which is equipped with small metallic anti-skid devices which are imbedded in the rubber of the tire. The studs are designed to increase friction between the tire and icy or snow-covered road surfaces.

According to the Illinois State Bar Association, four states in the Midwest—Illinois, Iowa, Indiana and Michigan—have laws forbidding the use of studded tires. The Illinois statute reads:

"No motor vehicle shall be operated upon the improved highways of the State which shall be equipped with any anti-skid or non-skid device so constructed that any rigid or non-flexible portion of same comes in contact with the pavement."

Thirty-four states, including most states which experience snow and ice conditions on roads during the winter, either have approved studded tires or do not prohibit their use by law. About one-half of these states prescribe the period during which such tires can be used.

A bill which would permit the use of studded tires in Iowa from November 1 of each year until the following April 1 has received favorable consideration by the Iowa State Senate.

Tests of studded tires by the Illinois and New York

THE ANTIOCH NEWS 10 THURSDAY, MARCH 16, 1967

Highway departments were cited in debate on the Iowa bill together with a Minnesota report that indicated pavement damage could occur where there were frequent stops and starts, such as at signal light intersections on city streets. Skidding and sliding factors also were cited.

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Treasury Department and The Advertising Council.

NOW PAYING 4.15%
WHEN HELD TO MATURITY

WHAT'S THE YOUNGER GENERATION COMING TO?

Today, more than 20 million American youngsters belong to Junior Red Cross. And they're a warm and wonderful example of what the younger generation is coming to.

They help out in hospitals. They send gift boxes to children abroad. They aid disaster victims. It would take a book to tell all the good things they do with such willingness of heart.

Junior Red Cross provides them with an outlet where they can be of service to others. It helps them grow into the kind of citizens our nation will need so much tomorrow.

Keep Red Cross strong to serve. This year, please be generous.

we care

vision has made america great

Men of vision and dedicated people have made America the industrial, manufacturing, and retailing leader of the world.

Take our founder as an example.

More than a century ago, he envisioned a new concept of efficient, low-cost mass food distribution. This concept set the stage for the development of today's modern A&P and for today's entire food retailing industry.

Similar vision characterizes the current management of A&P:

Men who recognize the cost-saving potential of computerized warehousing and ordering.

Men who are applying practical automation to manufacturing facilities.

Men who are relocating distribution centers to take advantage of modern transportation and roads.

Men who are constantly on the lookout for better, more efficient methods of food handling.

Men who are, as always, dedicated to the basic concept of our founder:
**TO BRING THE MOST GOOD FOOD, TO THE MOST PEOPLE,
FOR THE LEAST AMOUNT OF MONEY.**

Congratulations, Sequoits

Wizzard

Congratulations to the cagers of Antioch High. This not only includes the varsity but also the sophomores and freshmen. This year will be marked as possibly the greatest basketball year that Antioch Community High has ever known. We had two conference championships on the levels of varsity and soph competition. The varsity earned three more tournament championships, Woodstock Thanksgiving Invitational, the Wauconda District Tournament, and the Palatine Regional. This marked the third time in as many years that Antioch has won the Wauconda District Tournament. Special recognition must also be given to our fourth place finish in the Rockford Classic Holiday Tournament.

After compiling a perfect 14-0 record, Antioch moved into the State Tournament. This brought other new school records. An Antioch team had never won a regional title before, but it did this year. The cagers set a new high mark of games won with 26 which was accompanied by only 5 losses. This accomplishment was the

high point of the whole season. Enroute to their appearance in the Sectionals at Arlington, the Sequoits knocked off three conference foes in the District. They were Grayslake, Lake Zurich and Grant. All were very tough games. We then advanced to regional play and met the Mundelein Mustangs. The Mustangs were broken and the Sequoits faced a tough Prospect Knights team. The light was thrown on the "Knights," and when the scoreboard lights were switched off Antioch was on top. With the sound of "Pluck the Cardinals" in their ears, the Sequoits proceeded to the biggest game of the year. The pressure was really on. So many things were riding on everybody's mind. Would the Sequoits win their first Regional Tournament? Could they break the most games won record? Would they move on to the Sectional? The answer to all of these questions was YES!

The game was a real battle royal. Both teams boasted All-State players, TY WALLS and Steve Allen. Credit must be given to the excellent defensive play of Don Zeman, who guarded Steve Allen. Ty Walls lead all scorers in

the game with 26 pts. The Sequoit fans went wild. They were really proud of their team and they wanted everyone to know about it. When the basketball team got home, some 500 people were here to meet them with honking horns and cheers. A congratulation is in order here also to the great turnout of spectators. We brought 7, yes 7, busses down to Arlington in that championship game. This spirit never let down. We took 7 busses again when we met North Chicago. In Sectional play the Antioch High basketball season ended. Playing their hearts out, the Sequoits just couldn't pull it out. The game was as close as it could have been. The turnovers in the game spelled the difference. We had too many and they didn't have enough. The Sequoits had nothing to be ashamed of, though, and again the loyal fans proved it to them. The cagers were met in Antioch again and the fans let them know just how proud and happy they were. Every person in Antioch at Arlington could and did leave with his head high, able to say that "He or she was from Antioch and COULDN'T BE PROUD-ER."

The 1966-67 basketball season brought an end to some of the school's basket-

ball records. Along with their new mark of 26 victories and a Regional title, they broke the school's (home) single game scoring mark. It is now 102 pts. Individual records were also changed. Steve Miklautsch tied the school record for assists in one game (12) against Round Lake. Jerry Whitson set a new record for the season assist mark with 168 assists. Bruce Empfield tied the school's rebounding record for one game with 24 rebounds.

Last but not least, another basketball player at Antioch now has also broken a few records. To be exact, this boy has earned state recognition for his basketball ability. I think you know whom I mean. He is Tyrone Walls. Tyrone set a new mark of 1405 for a career scoring

record, new marks of 860 for total rebounds in his career, total offensive rebounds one year 152, defensive rebounds one year (214), total assists career 288, most field goals one season 249.

Tyrone Walls, in this reporter's eyes, is the greatest basketball player that has ever played for Antioch. Congratulations and good luck in the future, Tyrone, from everybody.

Thus closes another year of basketball. It has been filled with many exciting games (Arlington, Lake Forest, Grant, Round Lake) most happy, some sad. But in every game Antioch has been a team that the fans could always be proud of and know that our team never quit. This is a mark of a true champion.

Freshmen Basketball Season Scores

The following statistics on the freshman basketball season indicate more clearly than any number of adjectives the success of their cage season.

Won 13 — Lost 5
The eight freshmen who took the most part in the action were William Albano,

Don Dill, Ross Hauke, Chuck Jester, Jim Polley, Wayne Simon, Jeffrey Sterbenz and Jim Weiss. Don Dill showed so much promise that he was moved up to the soph team.

The Fighting Sequoits won the 1967 Regional Tournament, the first Regional victory in the school's history. Here is the complete team. Front row, left to right, Managers Russ Barthel, and Don Francisco, Assistant Coach Norman Hahn, Coach Roger Andrews. Back row, left to right, Tony Barnett, Gregg Drije, Dave Comstock, Jerry Whitson, Bill Sheldon, Jim Litchfield, Bill Blecke, Steve Miklautsch, Joel Strahan, Bill Smith, Tyrone Walls, Don Zeman and Bruce Empfield.

TomTom To Viet Nam

At the last meeting of our school board, upon the suggestion of one of its members, the Board and Administration unanimously agreed to send a copy of each issue of the Tom Tom to former students of Antioch now serving in Viet Nam.

Employees of the Antioch Post Office, among the first to give recognition to Antioch servicemen with their Kool Aid project, readily agreed to provide the names and addresses of Antioch area service men. The following letter from Mr. Harry Brehen, chairman P. O. Personnel Project, to the Tom Tom's adviser, we are sure, expresses sentiments in which we all sincerely concur:

Mr. E. H. Chandler,
Here is a list of Antioch area service men now serving in Viet Nam.

I am sure they will be well pleased to receive a copy of the High School paper each month.

New names are frequently added to this list and we will make every effort to help you keep your list current.

It is hoped that P. O. project shall continue until the Viet Nam conflict ends and the last Antioch area person has returned home and we hope that your project too will continue for the same period.

We have learned that many service men and women receive all too few letters

New Method For Selecting Cheerleaders

The Varsity and Sophomore cheerleading try-outs will be handled with a new method this year. It was felt that the old method was becoming too much of a popularity contest rather than ability. A survey was taken

The play will be "Take Her, She's Mine," with an all-star cast of ACHS students.

The setting of the play is a college campus and the main character, a cute girl who is a student there.

Rehearsals show that the play is well under way and should be among the best ever presented.

The premiere of the play will be March 31 and will last two nights. Tickets will soon be on sale but they can be purchased at the door.

Come out and see another spectacular put out by the Drama department.

Play Time

Spring has nearly arrived and with its arrival comes the Spring play. Mr. Smouse is directing again this year and feels that he has a most talented cast.

of 37 Northern Illinois Schools and only two used the out-dated method of student selection. With the new method, results will be calculated easier and therefore released sooner. The first screening will take place on April 12. This screening will be done by a group consisting of (a) cheerleading sponsor, (b) two representatives of each class from Student Council, (c) two members of Pep Club, (d) Varsity Cheerleading Captain, and (e) two members of the "A" Club. The finals will take place on April 13 and be done by a group consisting of (a) the cheerleading sponsor, (b) five faculty members chosen by Mr. Dittman, and (c) two or three sponsors from other schools. This year the clinics will be held on April 10 and 11.

Another change will be that the girls who are selected who have long hair will have to have their hair cut so that it is no longer than to the shoulders and bangs are short enough to expose the eyebrows so we know who's cheering.

Pat Prossie

AFS Assembly

On Friday, February 27, Antioch High School held an interesting and informative AFS assembly.

AFS, meaning American Field Service, is an organization sponsoring students from other countries who attend American schools. Members of the AFS feel that a project such as this adds culture and interest to the lives, homes, and countries of all concerned.

We were visited by students from eight different countries. In the picture from left to right are students from Cyprus, Germany, Iceland, Ecuador, Brazil, South Africa, South Viet Nam, and the Philippines.

The students were asked two questions, "How does your school system differ from ours?" and "How do you go about dating in your country?" Their answers varied greatly and many of them were quite surprising.

In order to participate in this program, one must have at least completed the junior year in high school and not be more than 18 years old. Also, the participant must have a compatible personality, a high academic rating, and speak some of the English language.

The assembly was quite a success, thanks to the sponsors and Gary Strahan, pres., Pat Lombardo, sec., and Roger Sorenson, treas., student sponsors.

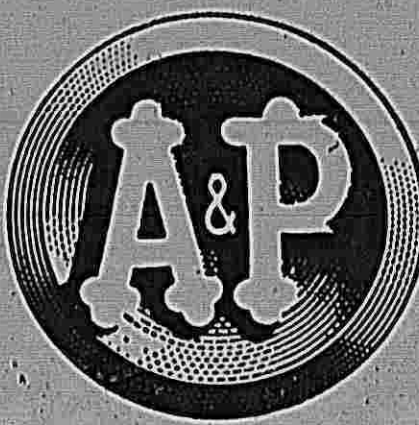

Projects such as this are worthwhile and student participation is important. In order to sponsor the AFS, there have been various money raising projects. Your co-operation and support is needed to keep the AFS going and growing.

Photo Contest

Start saving your pennies—the baby picture contest will soon get under way in the cafeteria. You won't believe your eyes when you see some of the pictures the Student Council has dug up. The teacher whose picture receives the most votes (money) will receive a suitable prize and title. This is your chance to see some almost unbelievable (and ancient) pictures! VOTE.

we care

vision has made america great

Men of vision and dedicated people have made America the industrial, manufacturing, and retailing leader of the world.

Take our founder as an example.

More than a century ago, he envisioned a new concept of efficient, low-cost mass food distribution. This concept set the stage for the development of today's modern A&P and for today's entire food retailing industry.

Similar vision characterizes the current management of A&P:

Men who recognize the cost-saving potential of computerized warehousing and ordering.

Men who are applying practical automation to manufacturing facilities.

Men who are relocating distribution centers to take advantage of modern transportation and roads.

Men who are constantly on the lookout for better, more efficient methods of food handling.

Men who are, as always, dedicated to the basic concept of our founder:
**TO BRING THE MOST GOOD FOOD, TO THE MOST PEOPLE,
FOR THE LEAST AMOUNT OF MONEY.**

Congratulations, Sequoits

Wizard

Congratulations to the cagers of Antioch High. This not only includes the varsity but also the sophomores and freshmen. This year will be marked as possibly the greatest basketball year that Antioch Community High has ever known. We had two conference championships on the levels of varsity and soph competition. The varsity earned three more tournament championships, Woodstock Thanksgiving Invitational, the Wauconda District Tournament, and the Palatine Regional. This marked the third time in as many years that Antioch has won the Wauconda District Tournament. Special recognition must also be given to our fourth place finish in the Rockford Classic Holiday Tournament.

After compiling a perfect 14-0 record, Antioch moved into the State Tournament. This brought other new school records. An Antioch team had never won a regional title before, but it did this year. The cagers set a new high mark of games won with 26 which was accompanied by only 5 losses. This accomplishment was the

high point of the whole season. Enroute to their appearance in the Sectionals at Arlington, the Sequoits knocked off three conference foes in the District. They were Grayslake, Lake Zurich and Grant. All were very tough games. We then advanced to regional play and met the Mundelein Mustangs. The Mustangs were broken and the Sequoits faced a tough Prospect Knights team. The light was thrown on the "Knights," and when the scoreboard lights were switched off Antioch was on top. With the sound of "Pluck the Cardinals" in their ears, the Sequoits proceeded to the biggest game of the year. The pressure was really on. So many things were riding on everybody's mind. Would the Sequoits win their first Regional Tournament? Could they break the most games won record? Would they move on to the Sectional? The answer to all of these questions was YES!

The game was a real battle royal. Both teams boasted All-State players, TY WALLS and Steve Allen. Credit must be given to the excellent defensive play of Don Zeman, who guarded Steve Allen. Ty Walls lead all scorers in

the game with 26 pts. The Sequoit fans went wild. They were really proud of their team and they wanted everyone to know about it. When the basketball team got home, some 500 people were here to meet them with honking horns and cheers. A congratulation is in order here also to the great turnout of spectators. We brought 7, yes 7, busses down to Arlington in that championship game. This spirit never let down. We took 7 busses again when we met North Chicago. In Sectional play the Antioch High basketball season ended. Playing their hearts out, the Sequoits just couldn't pull it out. The game was as close as it could have been. The turnovers in the game spelled the difference. We had too many and they didn't have enough. The Sequoits had nothing to be ashamed of, though, and again the loyal fans proved it to them. The cagers were met in Antioch again and the fans let them know just how proud and happy they were. Every person in Antioch at Arlington could and did leave with his head high, able to say that "He or she was from Antioch and COULDN'T BE PROUD-ER."

The 1966-67 basketball season brought an end to some of the school's basket-

ball records. Along with their new mark of 26 victories and a Regional title, they broke the school's (home) single game scoring mark. It is now 102 pts. Individual records were also changed. Steve Miklautsch tied the school record for assists in one game (12) against Round Lake. Jerry Whitson set a new record for the season assist mark with 168 assists. Bruce Empfield tied the school's rebounding record for one game with 24 rebounds.

Last but not least, another basketball player at Antioch now has also broken a few records. To be exact, this boy has earned state recognition for his basketball ability. I think you know whom I mean. He is Tyrone Walls. Tyrone set a new mark of 1405 for a career scoring

record, new marks of 860 for total rebounds in his career, total offensive rebounds one year 152, defensive rebounds one year (214), total assists career 288, most field goals one season 249.

Tyrone Walls, in this reporter's eyes, is the greatest basketball player that has ever played for Antioch. Congratulations and good luck in the future, Tyrone, from everybody.

Thus closes another year of 'basketball.' It has been filled with many exciting games (Arlington, Lake Forest, Grant, Round Lake) most happy, some sad. But in every game Antioch has been a team that the fans could always be proud of and know that our team never quit. This is a mark of a true champion.

Freshmen Basketball Season Scores

The following statistics on the freshman basketball season indicate more clearly than any number of adjectives the success of their cage season.

Won 13 — Lost 6
The eight freshmen who took the most part in the action were William Albano,

Don Dill, Ross Haule, Chuck Jester, Jim Polley, Wayne Simon, Jeffrey Sterbenz and Jim Weiss. Don Dill showed so much promise that he was moved up to the soph team.

Opponent	We	They

The Fighting Sequoits won the 1967 Regional Tournament, the first Regional victory in the school's history. Here is the complete team. Front row, left to right, Managers Russ Barthel, and Don Francisco, Assistant Coach Norman Hahn, Coach Roger Andrews. Back row, left

to right, Tony Barnett, Gregg Drijc, Dave Comstock, Jerry Whitson, Bill Sheldon, Jim Litchfield, Bill Blecke, Steve Miklautsch, Joel Strahan, Bill Smith, Tyrone Walls, Don Zeman and Bruce Empfield.

Tom Tom To Viet Nam

At the last meeting of our school board, upon the suggestion of one of its members, the Board and Administration unanimously agreed to send a copy of each issue of the Tom Tom to former students of Antioch now serving in Viet Nam.

Employees of the Antioch Post Office, among the first to give recognition to Antioch servicemen with their Kool Aid project, readily agreed to provide the names and addresses of Antioch area service men. The following letter from Mr. Harry Brehen, chairman P. O. Personnel Project, to the Tom Tom's adviser, we are sure, expresses sentiments in which we all sincerely concur:

Mr. E. H. Chandler,
Here is a list of Antioch area service men now serving in Viet Nam.

I am sure they will be well pleased to receive a copy of the High School paper each month.

New names are frequently added to this list and we will make every effort to help you keep your list current.

It is hoped that P. O. project shall continue until the Viet Nam conflict ends and the last Antioch area person has returned home and we hope that your project too will continue for the same period.

We have learned that many service men and women receive all too few letters

VOLUME VI, NUMBER 7

"THE VOICE OF ANTIOCH HIGH"

MARCH 17, 1967

from friends at home and are sometimes saddened when forgotten at mail call so perhaps you can encourage students and faculty to write letters to those on the list.

We here at the Post Office are very proud of, and grateful for effort put forth by our people in Viet Nam and each time one Antioch man or woman steps in the mud of Viet Nam, then too do our feet and hearts at home get heavy and we pray for the safe and quick return home of each and every one of them.

Thank you and good luck with your project.

Harry Brehen
P.O. Personnel Project
Chairman.

A list of the names of Sequoit Service men now numbering 38, and their addresses is attached to the bulletin board in the personnel office.

Play Time

Spring has nearly arrived and with its arrival comes the Spring play. Mr. Smouse is directing again this year and feels that he has a most talented cast.

New Method For Selecting Cheerleaders

The Varsity and Sophomore cheerleading try-outs will be handled with a new method this year. It was felt that the old method was becoming too much of a popularity contest rather than ability. A survey was taken

The play will be "Take Her, She's Mine," with an all-star cast of ACHS students.

The setting of the play is a college campus and the main character, a cute girl who is a student there.

Rehearsals show that the play is well under way and should be among the best ever presented.

Start saving your pennies—the baby picture contest will soon get under way in the cafeteria. You won't believe your eyes when you see some of the pictures the Student Council has dug up: The teacher whose picture receives the most votes (money) will receive a suitable prize and title. This is your chance to see some almost unbelievable (and ancient) pictures! VOTE.

Concluding Issue Of Get Acquainted Month

Look for your name in the advertisements in this issue of Get Acquainted Month. If your name is listed, call on the merchant in whose advertisement your name appears and ask for your two complimentary passes to any extra-curricular school activity for the remainder of the school year—for instance, the Fine Arts play, "Take Her, She's Mine," March 31 and April 1, and track meets held on our field later in the spring. Passes must be picked up within one week.

The students' names in the advertisements were gained by members of the Tom Tom staff from a pre-determined series of odd numbers for each of the metal folders containing alphabetical listings of students' files. In the preceding issue even-numbered names were chosen.

For the second year in suc-

cession. Get Acquainted Month continues to accomplish its objectives: (1) create a closer relationship between the school and the business community, (2) encourage students to patronize local merchants, (3) bring in additional advertising to support the Tom Tom's publication.

Can You Imagine?

Sue Toben... an under-study for Shirley Temple
John Tegelman and Dave Mair... with a permanent The Nighthawks?
Bruce Empfield... a cheerleader
Betty Clemmons... knees covered and eyes showing

A HAPPY EASTER

Prominent Pre-Grad

Jerry Whitson

It streaks across the basketball courts, number 23, emblazoned on its chest. Is it a bird? A plane? No, it's Jerry Whitson, fighting Antioch Sequoit!

Anyone who has been to an Antioch basketball game is familiar with his great sporting ability, but Jerry has many other interests and ambitions.

Jerry is definitely planning on college and has applied so far at Dartmouth College, Swarthmore College, and Trinity College. To date, he has already been accepted at Trinity College, and Swarthmore College, but he has yet to decide what college he is going to attend. His probable major will either be mathematics or engineering. He has demonstrated his academic skill by being selected to represent our school on "It's Academic."

Jerry was a transfer student from Decatur. He thinks there is a big difference between the schools; Decatur is very large, while Antioch is small. He likes the advantages of a large school, meeting different people and more activities, but he likes the friendlier atmosphere of a smaller school, and the greater importance of the individual. "Antioch has been a very pleasant experience, and I owe it a great deal."

Jerry likes friendliness, school spirit, and good looking teachers. His major dislike is "phoney" people.

Jerry's advice to freshmen is "Have fun and enjoy high school, but think beyond the next four years."

Good luck, Jerry. Did you ever figure out the wavelength of a basketball?

Church Members Hope To Enlarge Visiting Service

Members of the Board of the Lake County Chaplaincy Service met last Sunday at the Gurnee Community Church and made plans to inform the public about the service they offer.

The Board has recently been reorganized to include a delegate from each supporting church or organization. Mrs. Robert McAllister is the delegate from the Antioch Methodist Church.

The Chaplaincy Service was formed three years ago to provide a non-sectarian chaplaincy service to five institutions in Lake County: the Lake County Tuberculosis Sanitarium, the Lake County Hospital, the Lake County Home, the Lake County Youth Home and the Lake County Jail.

The Board hopes to interest a wider number of people in the needy and worthwhile work, which needs financial support and workers to carry on the program.

Calvary Baptist Easter Service

Easter Sunrise Service will be held at 5:30 a.m. March 26 at the Calvary Baptist Church, 554 Parkway, Antioch, with the pastor, Rev. Willie R. Hughes conducting the service. At 10:45 a.m. the choir will present an Easter Cantata "Behold His Glory" by Joy Larson under the direction of Rev. Gary Hughes.

The Spring Revival with evangelist, Rev. Roy Lee Hamilton, pastor of the Trace Rd. Baptist Church in Amory, Miss., will begin March 26 and continue through April 2 with services at 7:00 p.m. each evening. The public is cordially invited.

The Rev. Hamilton has pre-

viously pastored Baptist Churches in Detroit, Ala., and Beaufort, Ala. Since coming to the Amory church in June of 1966, many additions to the membership have been recorded; 50 by baptism and 30 by Church Letters.

**Only modern
electric heat
is as clean
as the sun**

Electric heat is unlike any other type of home heating. It's flameless—it burns no fuel, and it keeps your whole house cleaner, more comfortable. And because an electrically-heated home stays clean longer, wall washing and redecorating are kept to a minimum.

With electric heat, you can pick the type of heat you want. There are 5 basic types of flameless electric heating equipment. Depending on your heating requirements, one system may be used separately, or several may be teamed together.

If you're planning a new home or thinking of converting your present heating system, check into electric heat. You'll find that it's the most modern, convenient type of home heat today. And it's clean.

For more information about electric heating, call our nearest office.
